

THE HEART SAYS YES!

DISCOVER HEALTH RESORT ZDRAVILIŠČE RADENCI

I FEEL
SLOVENIA

Health Resort Zdravilišče Radenci, with a 140-year tradition, offers a thermal oasis with indoor and outdoor pools. Hot thermal pools, authentic and healthy local cuisine, and exploration of the surrounding vineyards are just some of the reasons to visit. Add to that three additional natural healing factors to strengthen your health - mineral water rich in CO₂, healing mud, and a soothing climate with more than 250 sunny days a year - and you get a recipe for a great health vacation!

UNIQUE MINERAL WELLNESS

Health Resort Zdravilišče Radenci is the home of mineral wellness. Whether it's a drinking treatment, inhalations with mineral water rich in CO₂, mineral baths or sauna sessions with mineral water ice, each of these unique services has its own benefits for our well-being. Along with thermotherapy and Kneipp baths, bathing in thermal pools and exercising in the fresh air, mineral wellness is part of our holistic approach to well-being.

DISCOVER THE WINE-GROWING AREA AROUND HEALTH RESORT ZDRAVILIŠČE RADENCI!

- ▶ Take a walk along the Springs of Life Trail, which is connected to the springs of mineral water around the health resort.
- ▶ On the hiking trails through the surrounding vineyards, you can visit tourist farms and try their delicious local cuisine.
- ▶ The hilltop at Kapelski vrh offers a beautiful view of the vast surrounding vineyards, as well as the opportunity to taste wines from the wine fountain.
- ▶ At the nearby Radgonska klet wine cellar, you can try the oldest and most award-winning Slovenian sparkling wine.
- ▶ The Jeruzalem wine road is a paradise for photographers, with the terraced vineyards beckoning you to explore this part of Slovenia's rich oenology and gastronomy.

Le pregio di fare la doccia prima di entrare nelle Terme?

A thermal oasis connected to the hotels
