Recommended experiences Bled

Visit the island with a pletna boat €

The image of the lake with the island is one of the most recognisable vistas from Slovenia. The island was once a temple to Živa, the goddess of love. Today, it is the home of the small romantic church of St. Mary Help of Christians, with a famous wishing bell dating back to 1943. You can climb the stone steps up to the church and ring the wishing bell, which is said to make all your wishes come true. The island is accessible by traditional "pletna" boats and rowing boats.
