SLOVENIA

GREEN, SAFE AND ALL-IN-ONE

Nestled among the snowy Alps of Austria, the cultural gems of Venice, the vast Adriatic Sea of Croatia, and the thousand-year history of Hungary, there is a small country with a population of less than two million. A country with 'love' in its name – love for all the gifts of nature and history in this beautiful part of the world. The snowy Alpine peaks overlook the blue of the Mediterranean, while the cosmopolitan city of Ljubljana gazes towards the broad Pannonian plains dotted with thermal springs. Slovenia offers all this and more. It can be explored in a single day, but you will definitely want to stay for longer!

HOW TO DESCRIBE THE ONLY COUNTRY IN THE WORLD WITH 'LOVE' IN ITS NAME?

GREEN

Slovenia was the first country to be declared a Green Destination of the World.

HEALTHY

Slovenia has 87 natural thermal springs, of which 15 are home to natural health resorts.

ACTIVE

Slovenia has been the winner of many sporting competitions, especially in terms of the number of medals per capita.

DIVERSE

You can go skiing in the mountains and swimming in the sea, all in a single day.

DELICIOUS

The world's best female chef in 2020 was a Slovenian.

BELOVED

Change the spelling of Ljubljana to Ljubljena and it means 'beloved'. Sweet, isn't it?

BENEFICIAL WATERS

Our pools and baths are filled with thermo-mineral, mineral, and spring waters, each with its own special active ingredients that contribute to your well-being. You can enjoy a mineral bath, rich in CO₂; the hotel pool, which is filled with refreshing spring thermal water every day; the warmest thermo-mineral water in Slovenia, also used in a cosmetics line; or the "young sea", enriched with minerals that have a beneficial effect on your body. And we could go on and on. The wealth of our waters cannot be measured, but it can be shared.

UNFORGETTABLE GREEN VIEWS

Our accommodations are in the best locations, offering views that soothe the soul. You have probably never seen anything more romantic than the autumn mists over Lake Bled. Open the window of a hotel in Portorož and you can almost touch the sea with your hand. The view of the mighty Ptuj Castle will make you feel like a champion. The view of the calm Pannonian plains will guide you towards inner balance. And in order to preserve the beautiful views and unspoiled nature so generous with its gifts in and around our resorts, we follow the principles of green and sustainable operation. Today for tomorrow!

LOCAL TRADITION

Slovenia is bursting with thousands of stories that have been retold by the local population for centuries. And these stories appealed to us so strongly that we simply had to pass them on to our guests. Why did people start gifting each other gingerbread hearts in Bled? What were the witches cooking up in the Radenci area? What dishes are served on New Year's Day in Prekmurje? Which tree is the symbol of Slovenian Istria? Discover a wealth of local stories through the architecture, equipment, and facilities of our resorts!

Our waters are our greatest assets

A SPLASH OF HEALTH AT SAVA HOTELS & RESORTS

THERMAL WATERS

MORAVCI THERMAL MINERAL WATER

The Moravci thermal mineral water from Terme 3000 - Moravske Toplice, which was declared a natural healing remedy back in 1964, originates from springs that are 967 to 1,467 metres deep, and are known to contain the warmest thermal mineral water in Slovenia. Both the filtered, and even more so the unfiltered (the so-called black water), Moravci thermal mineral water helps to tone and refresh the body, to calm nervous tension, to improve blood circulation, to ease inflammation, and has an analgetic effect.

PTUJ THERMAL MINERAL WATER

The 1,100-metre-deep springs in Terme Ptuj provide beneficial thermal water, which is mild in its composition, but strong when it comes to invigorating the body. It helps in easing locomotor system disorders.

THERMAL WATER FROM RADENCI

The thermal water from Radenci helps regulate blood pressure, improves circulation, helps with pain management, and reduces muscle tension.

THERMAL WATER IN BLEĐ

Our pools in the Rikli Balance Hotel, in Hotel Park, and in Grand Hotel Toplice, all of which are in Bled, are filled with thermal water. The swimming pool at Grand Hotel Toplice is particularly unique, as it is fed by water directly from the spring. The pool is filled with fresh thermal water every morning. Owing to its numerous minerals, bathing in this water invigorates and soothes the cardiovascular system, while drinking it is beneficial for the stomach.

MINERAL WATER

MINERAL WATER FROM RADENCI

The mineral water from Radenci, which has among the highest natural CO₂ content in Europe, is beneficial when used in body and hand baths, as well as in the form of inhalations and drinking cures. The drinking cure is effective in helping with low blood pressure and chronic constipation, while also inhibiting the formation of kidney stones and osteoporosis. In the form of a bath, it contributes to the faster detoxification of the body and to the regulation of blood pressure, and has positive effects on the revitalisation of the body.

SEA WATER

SEA WATER POOLS IN THREE COASTAL RESORTS

You can enjoy the beneficial effects of sea water even in the colder months, as the indoor pools of our coastal resorts are filled with heated sea water year-round.

"YOUNG SEA" AT TERMARIS SEA WATER PARK

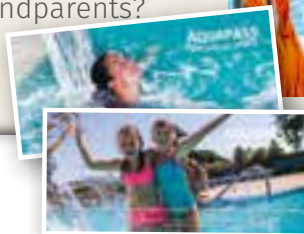

You can enjoy a particularly authentic marine experience by bathing in Termaris Sea Water Park, in which the pools are filled with water called "young sea", which contains additional minerals thanks to several different tributaries. Sea water has a beneficial effect on our well-being, as it contains sodium, magnesium, potassium, calcium, silicon, and many other important elements. Sodium chloride removes excess mucus, and calcium acts as an anti-allergen, while zinc and selenium strengthen the immune system.

Pools and water parks

WATER FUN AND RELAXATION
FOR ALL AGES

Aquapass: 1 bathing ticket for 5 water parks!

The Sava Hotels & Resorts Aquapass is a unified ticket for admission to our water parks. With it, you are granted one-time admission to 5 water parks. An exciting gift for the kids? Or a day of water relaxation for the grandparents? With Aquapass, both are possible!

Water parks and pools of all shapes and sizes represent the foundation of what we offer. With us, bathing is not just about swimming. It's relaxation in the embrace of beneficial bubbles. The power of underwater massage. Laughter on artificial waves. Rocking on inflatable rings in the lazy river. Cries of joy on the water slide. Holding your breath during a daring jump. Swimming with us is happiness gifted by nature in the form of thermal-mineral waters, "young sea", and beautiful views. And happiness must be passed around! See you at Sava Hotels & Resorts pools and water parks!

THERMAL POOLS

Terme 3000 - Moravske Toplice

THERMAL PARK TERME 3000

Thermal Park Terme 3000 is connected to the hotels via a panoramic walkway. The indoor part of the two-floor water park also has a water slide, several saunas, and the Ajda Rest Lounge. The outdoor portion of the park is packed with adrenaline water slides, as well as various swimming pools and the famous black bath.

LIVADA THERMAL POOLS

The Hotel Livada Prestige Pool Complex is intended for our guests only, so the atmosphere is calm and relaxed. You can find both an indoor and an outdoor thermal pool, a pool with black thermal mineral water, and two children's pools, one with a waterslide.

AJDA THERMAL POOLS

In the Hotel Ajda Pool Complex, you can choose from a large indoor and outdoor recreational thermal pool, and an indoor and outdoor pool with black thermal mineral water, as well as an indoor and outdoor children's pool with a waterslide.

TERMAL THERMAL POOLS

Hotel Termal's Pool Complex, with its path of crystals and light therapy, will please even the most discerning guests. On top of that, the hotel has an outdoor recreational pool, and a pool with black thermal mineral water.

Health Resort Zdravilišče Radenci

THERMAL OASIS

The thermal oasis is connected to the hotels, which allows guests maximum comfort in all seasons. It offers indoor and outdoor pools with underwater massages, a lazy thermal river, and a large swimming pool. There is also a Kneipp pool. Next to the thermal oasis you can find a world of saunas.

Terme Ptuj

THERMAL PARK TERME PTUJ

Thermal Park Terme Ptuj is located next to the green park on the river Drava. In summer it offers a huge system of water slides, a lazy river, a wave pool, a recreational pool, an Olympic pool, and children's pool. The indoor part features thermal pools, a world of saunas, and saunas in wine barrels.

THE VESPASIANUS THERMAL POOLS

The Grand Hotel Primus Vespasianus thermal bathing complex offers Roman-style relaxation. An outdoor pool open all year round, an indoor swimming pool, whirlpools, and a children's pool are connected to the Flavia world of saunas.

POOLS IN BLED

Sava Hotels Bled

Waterpark Wellness Živa

The Rikli Balance Hotel offers the largest waterpark in the Bled area. It features thermal pools with beautiful views of the lake. Pleasantly warm water, an indoor slide for children, and a world of saunas with views that would delight anyone.

Hotel pools with a view

Grand Hotel Toplice and Hotel Park also offer thermal pools with views. The Grand Hotel Toplice pool is filled with fresh thermal water (22°C) every day. The hotel also has a well-kept beach with a boathouse. At Hotel Park, you can swim in the warm water pool, then afterwards relax on heated wooden benches with views of the lake and the castle atop its mighty cliff.

SWIMMING POOLS ON THE COAST

St. Bernardin Resort Portorož
Salinera Resort Strunjan
San Simon Resort Izola

TERMARIS SEA WATER PARK

At Hotel Histron in Portorož, Sea Waterpark Termaris stretches out at sea level with a beautiful view of the Adriatic. The swimming pools are filled with what is known as “young sea” – seawater rich in minerals. The park consists of a playful area with a children's pool, and a relaxation area with a summer terrace.

SEAWATER POOLS

Our other hotels on the coast also offer indoor and outdoor sea water pools. In Portorož, the heated seawater pool at Grand Hotel Bernardin impresses visitors with its views of the open sea and of Piran Bay, while Hotel Vile Park features an outdoor pool with children's play equipment. San Simon Resort Izola offers guests an indoor pool, while the Salinera Resort Strunjan offers both an indoor pool and an outdoor pool with heated sea water. Every year, all of our resorts on the coast renew the Blue Flag award, a sign of a well-maintained and high-quality bathing area, for their beaches.

Wellness

ALPINE FRESHNESS, ISTRIAN BALANCE, AND THERMAL PAMPERING

An oasis of relaxation, a world of meditation, and invigorating regeneration of body and spirit. A bath with thousands of bubbles that gently caress and renew your hands. The smell of blooming Pannonian meadows to pamper your senses. A combination of ancient Roman beauty rituals and modern beauty treatments. Enjoying the view of one of the most beautiful lakes in the world, or of the waves of the sea, while being enveloped by the warmth of the sauna. Enter our unique wellness centres, where wellness experts will soothe and revive your body, giving you divine inspiration!

WELLNESS ON THE COAST

St. Bernardin Resort Portorož
Salinera Resort Strunjan
San Simon Resort Izola

WELLNESS BENEDICTA

Wellness Benedicta centre at Hotel Histron, Portorož offers traditional treatments enriched by local ingredients such as sea salt, mud from the Adriatic salt pans, olive oil, lavender, and other Istrian herbs. During your relaxation in the world of saunas, which includes Finnish, infrared, and bio-herbal saunas, a salt room, and the only hammam in Slovenian Istria, you will be accompanied by unique views of the endless blue of the sea.

PARADISE SPA

The Paradise Spa at Grand Hotel Bernardin, Portorož offers everything you need for heavenly relaxation. In addition to various massages and beauty treatments, you can also enjoy rejuvenating treatments with bee venom, enter the world of saunas, which includes a special rasul sauna, or lose yourself in the views of the open sea from the panoramic pool.

SYRA WELLNESS

As part of the Salinera Resort in Strunjan, the Syra Wellness centre, a centre of health, relaxation and vitality, stands on the site of a former Benedictine monastery dedicated to the art of healing. For complete relaxation and strengthening of the immune system, visit the world of saunas and indulge in the scent of lavender and Mediterranean herbs in the Istrian bio-sauna.

WELLNESS MIRTA

Wellnes Mirta centre in the San Simon Resort Izola offers Mediterranean-style treatments as well as a variety of saunas and baths, and a massage pool with an ancient Roman touch. You can choose from a wide range of relaxing massage treatments, and other forms of relaxation, regeneration, and body-shaping based on sea salt and local herbs.

WELLNESS IN BLEĐ

Sava Hotels Bled

WELLNESS ŽIVA

The natural healer Arnold Rikli, who founded a healing centre in Bled in the 19th century, once wrote, "Our every thought, breath, and heartbeat, our every feeling, conviction, and movement, sends energy signals through the body that influence our entire being." Wellness Živa at the Rikli Balance Hotel follows these tenets by offering you a wide range of relaxing massage treatments, baths, body and facial care treatments, and saunas. We complement the concept with an Alpine wellness programme, and with the use of local ingredients (e.g. spruce tips, honey from Carniolan bees). The centre also features a waterpark with a wonderful view of Lake Bled.

SPA PARK

When visiting Spa Park at Hotel Park, you will feel the harmony of nature, water, and forest at every step. These elements have a beneficial effect on your health and well-being, leaving you relaxed and energised. The Spa Park's facilities and services include various massages, baths, and detoxification programmes. We weave the story of water and forest into our wellness programmes using exclusively Slovenian products. The wellness centre is connected to a panoramic thermal pool.

SPA LUISA

The small Spa Luisa wellness centre is located at Grand Hotel Toplice. Its distinguishing feature is an elegant bathing area with a spring of refreshing thermal water. Swimming in it has a soothing effect on the cardiovascular system, while drinking the water helps relieve stomach problems. The opulent intimacy of Spa Luisa offers guests numerous luxurious and classic massages, pearl and herbal baths, and Finnish, Turkish and infrared saunas.

THERMAL WELLNESS

Terme 3000 - Moravske Toplice

Terme Ptuj

Health Resort Zdravilišče Radenci

WELLNESS THERMALIUM

Massages, baths, warm saunas, beauty care. With a pinch of Prekmurje and its beneficial natural properties, we will accompany you on the path to complete relaxation. Wellness Thermalium Centre at Terme 3000 also offers medico-wellness services for pain relief. You can also relax while using the healing energy of the septarian nodules - ancient stones that strengthen the good and ease pains.

WELLNESS VALENS AUGUSTA

Wellness Valens Augusta at Grand Hotel Primus, Terme Ptuj offers the hedonistic pampering of body and soul. Through the intertwining of our services, facilities, and architecture, we capture the hedonistic spirit of ancient Rome. The Imperium of well-being, the Flavia world of saunas and thermal baths, and the Vespasianus bathing area together offer you a level of pampering and enjoyment that rivals the luxurious style of ancient Rome. You can choose

from numerous massage treatments to pamper your senses, as well as thermal baths to refresh and invigorate.

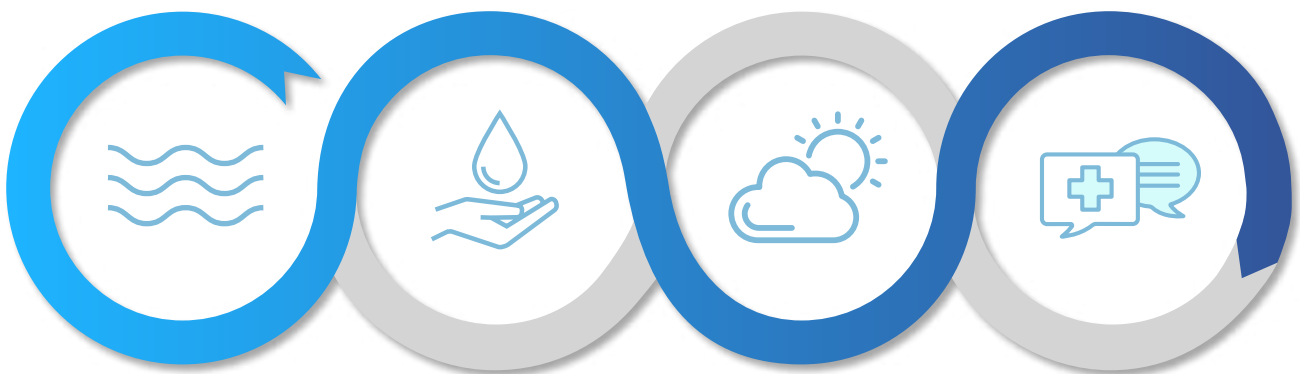

WELLNESS CORRIUM

The wellness centre at Health Resort Zdravilišče Radenci is based on four natural healing factors, namely 250 sunny days a year, thermal and mineral water rich in CO₂, and healing Fango mud. Mineral water is our greatest asset and the basis for mineral wellness - your fountain of youth, which you can only find here in Slovenia! In addition, we also pamper our guests with a variety of massage treatments, baths and a diverse range of beauty programmes for face and body care.

HEALTH RESORT ZDRAVILIŠČE RADENCI HEALTH CENTRE

Cardiovascular diseases

More than 140 years of health resort tradition and experience, combined with the most modern medical equipment, the best medical experts, and 24/7 medical care, makes the health centre in Radenci something truly special. The treatment of cardiovascular diseases, kidney and urinary tract diseases, and metabolic diseases is combined with mineral wellness based on the mineral water from Radenci which, due to its rich CO₂ content, has many positive effects.

TERME 3000 - MORAVSKE TOPLICE HEALTH CENTRE

Diseases and injuries of the locomotor system

The health centre in Terme 3000 specializes in the treatment of diseases for which the Moravci thermo-mineral water is particularly beneficial in its unfiltered form. The water has widely recognized beneficial effects in rheumatological and dermatological diseases, while also helping in the recovery from musculoskeletal injuries. Health therapies are combined with swimming and exercise in filtered thermal water along with baths in unfiltered, black thermo-mineral water.

TERME PTUJ HEALTH CENTRE

Diseases of the modern lifestyle

The thermal springs in the vicinity of Ptuj have been helping to deal with various pains and ailments for thousands of years. In Terme Ptuj, we have evolved the health resort tradition into a centre of professional medical care, focusing on the treatment of pain in the spine, joints, and muscles, as well as degenerative diseases and sports injuries. These are mainly health problems brought about by a stressful lifestyle. With our curative and preventative methods, you will be optimally prepared for the stresses of everyday life.

Selected health services

Rehabilitation programme for cardiovascular diseases

Health Resort Zdravilišče Radenci

The programme is a combination of the beneficial effects of natural healing factors, physical exercise, healthy diet, and educational activities, all carried out under the watchful eye of qualified experts, and with the use of the most up-to-date equipment.

Rehabilitation programme following a stroke, injury or surgery

Health Resort Zdravilišče Radenci

By proceeding with rehabilitation as soon as possible, we achieve better mobility, greater independence, improvement of the affected brain functions, and, in many cases, issues are completely eliminated. And by teaching patients a new lifestyle, we prevent the recurrence of a stroke or heart attack.

Rehabilitation programme for kidney and urinary tract diseases

Health Resort Zdravilišče Radenci

We have prepared a special treatment programme for people with chronic kidney, urinary tract or post-op problems that benefits from the help of natural healing factors in combination with modern medical science and technology.

Rehabilitation programme following spinal injuries and operations

Terme 3000, Terme Ptuj

The programme reduces pain, increases joint mobility, strengthens endurance and muscle strength, and relaxes and regenerates. The treatment can be functional or operative, depending on the traumatologist's recommendation.

Rehabilitation programme following upper or lower limb injuries and operations

Terme Ptuj, Terme 3000

The rehabilitation programme at Terme Ptuj relaxes, relieves pain, and has beneficial effects on joint mobility, endurance and muscle strength. The central part of the programme is the use of thermo-mineral water, which has a beneficial effect on patients' conditions after lower limb operations.

Rehabilitation programme following sports injuries

Terme Ptuj

The sports injury rehabilitation programme includes procedures for restoring an athlete's condition to pre-injury levels in the shortest possible time. We prepare each rehabilitation package individually according to the athlete's needs.

Post-covid programmes

Health Resort Zdravilišče Radenci, Terme Ptuj, Terme 3000

We offer various programmes for recovery and rehabilitation following infection with the COVID-19 virus. Health Resort Zdravilišče Radenci is specially adapted for people with heart and lung problems, while Terme 3000 and Terme Ptuj specialise in treating people whose muscles and body are tired, or who feel pain and exhibit poor mobility.

Local culinary heritage

DISHES YOU HAVE
NEVER HEARD OF, BUT WILL
NEVER FORGET!

The taste of Slovenian Istria

Frittata with wild asparagus and prosciutto
Piran sea bass in salt
"Hroštule" fried pastry
A glass of refreshing Malvasia wine

The pleasures of cosmopolitan Bled

Plum brandy aperitif
Soup with Pokljuka chanterelles
Sava mackerel with Idrija "žlikrofi" ravioli
The Original Bled Cream Cake

A filling meal from the Pannonian plains

Homemade rye bread with minced lard, onions and bell peppers
Buckwheat "žganci" with "bograč" stew (Prekmurje goulash)
The rich flavours of Prekmurje's "gibanica" layer cake
Beer from a local brewery

"Back to the local" could be used to describe the approach of Slovenian chefs. This include chefs in our own restaurants. One of them is Simon Bertoncelj from Bled, a chef awarded the Plate Michelin and Recommended by Michelin labels. The culinary dream team of "Danilo & Danilo" at Terme 3000 prepares up to 50 local dishes that you can try in the various hotel restaurants. At Terme Ptuj, chef Robert Žibrat spoils guests with "show cooking" while preparing works of culinary art from different parts of the world on his Sunday brunches. Portorož-based chef Aleš Grašič takes inspiration for his local Istrian dishes from picturesque Istrian villages and from the Adriatic Sea. The variety of landscapes in which our resorts are located is reflected in the variety of flavours you can taste in our restaurants. With us, the culinary journey begins at the hotel!

GASTRONOMY IN THE THERMAL RESORT

Terme 3000 - Moravske Toplice

LOCAL CULINARY HERITAGE

"Gibanica" layer cake, "bograč" stew, "retaši" strudel, "zlevanka" dessert, "bujta repa" turnip stew, "koline" pork meat, "pogača" cakes, and other dishes are a regular part of Terme 3000's culinary range. Whether for breakfast, lunch or dinner, in our hotels you can choose from a variety of high-quality dishes prepared from fresh, seasonal, local ingredients. Traditional recipes, which our grandmothers used to make, are today still prepared largely with local ingredients. When it smells like Prekmurje, you can be sure that there are exquisite gourmet pleasures ahead.

Health Resort Zdravilišče Radenci

GASTRONOMY FOR BETTER HEALTH

At Health Resort Zdravilišče Radenci, we favour food that is both healthy and delicious. From their many years of experience, our chefs know two things – guests should leave the table feeling happy and full, and the food they've eaten shouldn't keep them up at night. With the nutritionist's advice in the "Make a healthy choice" brochure, each guest can create their own customised menu. The menus feature typical local dishes made from fresh ingredients as well as our specialty - dishes made with mineral water, rich in CO₂!

Terme Ptuj

BE FIT

If you are particularly careful about what you eat, look for our Be fit programme at the hotel restaurant, in which you can put together a feel-good meal yourself with the help of three labels: Good for you, Under 250 kCal, and Under 500 kCal. The culinary scene is also enriched by themed Sunday brunches, where our chef prepares the dishes right in front of our guests. Lovers of sweet specialties will be delighted by the Primus cake, which has a delicious chocolate centre, and is made to pamper your taste buds.

CULINARY RANGE IN BLEĐ

Sava Hotels Bled

UNDER THE LEADERSHIP OF A RENOWNED CHEF

At Sava Hotels Bled, we swear by fresh ingredients used on the day they are picked or harvested. We prepare all the sauces ourselves, make the best jams from home-made ingredients in the hotel kitchens, and also make home-made ice cream. In the main confectionery workshop, we are endlessly dedicated to preparing sinfully delicious desserts, and in all our bars and restaurants we offer authentic flavours that can only be created using local ingredients and traditional methods of preparation. All of our menus are managed and watched over by internationally renowned chef Simon Bertoneclj.

GASTRONOMY ON THE COAST

St. Bernardin Resort Portorož
Salinera Resort Strunjan
San Simon Resort Izola

AUTHENTIC ISTRIAN CUISINE

Authentic Istrian cuisine delights guests with its diversity, passion, and harmony of flavours. Characterised by Mediterranean and continental influences, it is distinguished by fresh local ingredients, Piran sea salt, authentic Istrian spices, premium olive oil, and a range of fine Istrian wines. Traditional Istrian dishes from the Istrian hinterland are prepared mainly from produce grown in home gardens, while fish and seafood dominate the menus in the coastal area.

Cycling

WHERE CYCLING TALES ARE WRITTEN

Are you up for a quick descent from the Alpine peaks, or a leisurely accumulation of kilometres on the plains of Prekmurje? Are you more fascinated by the smell of the sea? Or by the sound of a mighty river? With us, you don't have to pick just one! From Prekmurje, you can visit as many as four countries in one day by bicycle. In the vicinity of Bled, you can breathe in the fresh air on the plateaus of the Triglav National Park, or learn about the Slovenian tradition of beekeeping, all while cycling. On the coast, you can cycle along the former railway route, or embark on an adventure of culinary discovery on the coastal hinterland. You can also spice up your cycling tour with some culinary exploration in the surroundings of Ptuj. Cycling through vineyards offers countless culinary pleasures!

DISCOVERING SLOVENIA BY BIKE

If you want to feel Slovenia with all your senses, then join the locals and get on a bike! We have gathered the most beautiful cycling routes and trips around our resorts by Lake Bled, on the Slovenian coast and in Prekmurje.

CYCLING GUIDE OR STORYTELLER?

In all our resorts you can rent cycling equipment and hire an experienced cycling guide. They will take you along the most interesting cycling routes, while telling stories about local specialties, and treating you to food and drink with the best local providers. We always bet on cycling for the soul!

CYCLING AT THE THERMAL RESORT OF

Terme 3000 - Moravske Toplice

Terme Ptuj

Health Resort Zdravilišče Radenci

RICH HISTORY AND DESCENTS AMONG THE STYRIAN VINEYARDS

Slovenian Styria, or "Štajerska", impresses with the idyllic wine-growing landscapes of the Slovene Hills and Haloze, where vines were cultivated as early as 2,000 years ago. In the second largest Slovenian city, Maribor, you can even see the oldest vine in the world. And speaking of the oldest, Terme Ptuj is only a few minutes by bike from the oldest Slovenian town of Ptuj, below which you can find the oldest wine cellar in Slovenia, and above, the mighty Ptuj Castle. A cycling trip through Styria is ideal for hedonists, as it offers the perfect combination of active recreation, history, top wines, and excellent cuisine, which you can even upgrade with some thermal wellness pampering in Terme Ptuj.

OVER THE PLAINS AND HILLS OF THE FAIRYTALE LANDS ALONG THE MURA RIVER

During a cycling holiday at our Pannonian spas, you can discover as many as four countries - Slovenia, Austria, Croatia, and Hungary. The turning of the pedals will be accompanied by the smell of mowed grass, the undulation of wheat fields, the calls of storks, and many opportunities to refresh in the thermal springs. Go on a bicycle tour among the vineyards and taste top-quality local products on a tourist farm. Recharge your batteries at the energy points by Lake Bukovnik. By bike, you can also discover the cultural attractions of Prekmurje, such as the Island of Love, the largest castle in Slovenia, and typical thatched-roof villages.

CYCLING IN BLEED

Sava Hotels Bled

CYCLING AMONG ALPINE PEAKS

Lake Bled near Triglav National Park is the perfect starting point for cycling tours of all difficulty levels. Here, the cyclist becomes an adventurer on the trail of local stories. Let the beauty of Lake Bled, or the largest ski jumping hills in the world take your breath away. You can also go on tours where you learn about ecological hunting, shooting 3D targets with a special wooden bow, or taste honey products.

FEEL THE SALT IN THE AIR

Cycling in Slovenian Istria is extremely varied due to the abundance of ascents and descents, along with the mild climate, which allows cycling in all seasons. The most famous route is the long-distance route along the former Porečanka narrow-gauge railway, which today is called the Path of Health and Friendship - Parenzana. This well-maintained route connects three countries. It starts in the Croatian seaside town of Poreč and runs along the Slovenian coast all the way to Trieste in Italy. Cycling on the Coast is also a special experience because of the authentic Istrian cuisine at the waypoints.

Hiking

YOU WILL BE REWARDED WITH
THE MOST BEAUTIFUL VIEWS

At Sava Hotels & Resorts, not a day goes by that we do not thank nature for its generosity. The beautiful environment in which our resorts are located, and the beneficial climate that enables year-round activities in the fresh air both delight our guests, who love an active holiday. And what's the best way to stay fit? We say hiking! All you need for it is a positive attitude, and it grants you a truly unique reward - stunning views along the way that will invigorate and relax your body and soul! Be it the view of the snow-capped peaks of the pristine Triglav National Park in the vicinity of Bled, of the sea cliffs and the reflection of the sun on the white salt flats, of the vineyards of Jeruzalem, or of the elegant undulations of the wheat fields in Prekmurje.

WHERE ARE THE MOST BEAUTIFUL HIKING TRAILS?

The entertainment teams in all our resorts will be happy to give you more information about hiking trails and organized hiking tours. They will also provide you with a map and instructions on where to try great local dishes along the way. Organised hiking trails and volunteer hiking guides are waiting for you!

HIKING IN BLED

Sava Hotels Bled

DISCOVER THE SLOVENIAN ALPS IN BLED

Bled lies just on the edge of Triglav National Park. Surrounded by hills and mountains, it is an ideal retreat for hiking enthusiasts.

The Bled Scenic Trail

This attractive and varied circular trail around Lake Bled encompasses all the best views of the Slovenian Alpine gem, and connects all the main peaks around Bled: Bled Castle, Kuhovnca, Ojstrica, Osojnica and Straža. The nearly 14-kilometre-long trail will basically give you a bird's eye view of the lake, of the island, and of other attractions near and far.

Rikli's trails

The Swiss healer Arnold Rikli recognised the healing benefits of Bled as far back as the 19th century, when he built the first natural healing and revivification resort in Bled. Rikli's trails in Bled will take you along the paths that, once upon a time, seekers of wellness used to walk barefoot. On the trails, the ARikli app will help you learn more about the attractions on the way, while also guiding you through a set of exercises for an even better feeling during and after the trail.

Juliana Trail

Eight of the sixteen stages of the 270-kilometre, long-distance Juliana hiking trail across Slovenia run near our hotels in Bled. Although the natural wonders of the Julian Alps are truly breath-taking, they are not the only special feature on this long-distance circular trail. You will also explore the history of ironwork, learn about the importance of beekeeping and forest conservation, try typical local dishes, and learn about the places that were once home to great Slovenian writers and poets.

The Vintgar Gorge

One of the most famous natural sights near Bled is this 1.6-km-long trail leading along the green Radovna River, and its pools, waterfalls and rapids, and ending by the 15-metre-high Šum waterfall. This trip is particularly enjoyable during the hot summer months.

Triglav National Park

More demanding hikers will venture to the peaks of Pokljuka, Mežakla and Jelovica. You can also visit the highest Slovenian mountain, Triglav, and the largest Slovenian glacial lake, Lake Bohinj, which is overlooked by mount Vogel, a peak which can be accessed via ski lift. There is also the option to go for themed tours of Slovenian ski centres (Kranjska Gora) and Nordic centres (Planica, Pokljuka).

HIKING AT THE THERMAL RESORT OF

Terme 3000 - Moravske Toplice

Terme Ptuj

Health Resort Zdravilišče Radenci

SURROUNDING AREA OF HEALTH RESORT ZDRAVILIŠČE RADENCI AND TERME 3000

Grab your hiking poles and combine hiking with relaxation at the thermal springs, exploring hiking trails that will take you through three countries! On the Jerusalem Wine Road, which runs past picturesque vineyards and idyllic forests embraced by a vivid colour palette, you can taste the many delicacies offered by local suppliers. Treat yourself to some gingerbread and beekeeping products on the Sweet Trail hike, which takes you past colourful orchards, meadows, and fields. Another interesting trail is that of the noble Esterházy family, which leads across an area along the Mura river with both flat and hilly sections. If

you're looking for a shorter hike, take a walk to Kapela Hill, where you'll find a beautiful view as well as a wine fountain for tasting local wines. The wine-growing tradition of the region can also be explored via the Vinotour trail network, which takes you along routes on the Slovenian and Austrian sides of the border.

TERME PTUJ AND THE SURROUNDING AREA

Close to the oldest Slovenian town of Ptuj, the wine-growing region of Haloze welcomes visitors with its numerous low rolling hills. To the south along the Dravinja river there are steeper hills, such as Donačka gora and Boč, both of which are popular hiking destinations. Between Ptuj and Zavrč, you can visit Borl Castle, which stands on an imposing cliff overlooking the Drava river. Hikers also love visiting Slovenske gorice, a hilly wine-growing region between the Mura and Drava rivers, through which many themed hiking trails lead. During your hike, you can visit many small churches, while tourist farms offer visitors homemade lunches and tasting of local wine.

HIKING ON THE COAST

St. Bernardin Resort Portorož

Salinera Resort Strunjan

San Simon Resort Izola

HIKES ALONG NATURAL AND CULTURAL ATTRACTIONS THROUGHOUT THE YEAR

The Slovenian Coast attracts hikers in all seasons. This circular route, on which you will get to see the most beautiful parts of Portorož, Piran, Sečovelje and Strunjan, consists of three routes that can be combined into one. The picturesque signposted trails allow hikers to explore the seaside towns of Portorož and Piran, continue towards the Sečovelje and Strunjan salt pans, and pass through the Strunjan Nature Park. Part of the route leads through the hinterland, with its scattered vineyards and olive groves, and in autumn, its orange-coloured persimmon (the so-called "golden apple") groves. The area around Hrastovlje is more suitable for hikers who wish to take on the slightly more challenging trails through the Istrian villages below Kraški rob, where you can find the famous Church of the Holy Trinity and its famous wall frescoes. In the surrounding area, you can also admire other historical and cultural sights: galleries, old homesteads, medieval defence towers, churches, and the typical architecture of Istrian villages.

Family vacations

WATER FUN & FAIRY-TALE TRIPS

The water attractions are definitely the number one reason so many families visit us. Our children's entertainment staff will make sure the children are never bored, even outside the pools. Our resorts and hotels offer themed entertainment - from sport and exercise, to workshops on the importance of protecting the environment - and our mascots are all drawn from the local environment and its stories. We also like to send families exploring around the local area. Have you ever seen a volcano erupt? Would you like to test your climbing skills in the forest? Learn how to handle farm animals? Excavate real fossils? Try out sardine fishing? Thousands of local adventures are waiting for you to discover them!

WHY DO FAMILIES CHOOSE SAVA HOTELS & RESORTS?

- ▶ The best water fun all year round
- ▶ A variety of accommodation options, from hotels to apartments, bungalows, and campsites
- ▶ Family rooms with enough comfort for all members of the family
- ▶ All-day culinary service for family members who are always hungry
- ▶ Children's clubs with lots of exercise and action
- ▶ Family attractions in the surrounding area
- ▶ One provider with whom you can explore the whole of Slovenia, while taking advantage of the benefits of the Ambassador Loyalty Programme!

FAMILY BONUSES

Sign up for our e-newsletter and follow our family bonus offer. With the family bonus, children's accommodation is free of charge. And when in Bled, don't overlook the Zaki bonus card that can make your exploration of this beautiful lake and its surroundings not only exciting, but also affordable!

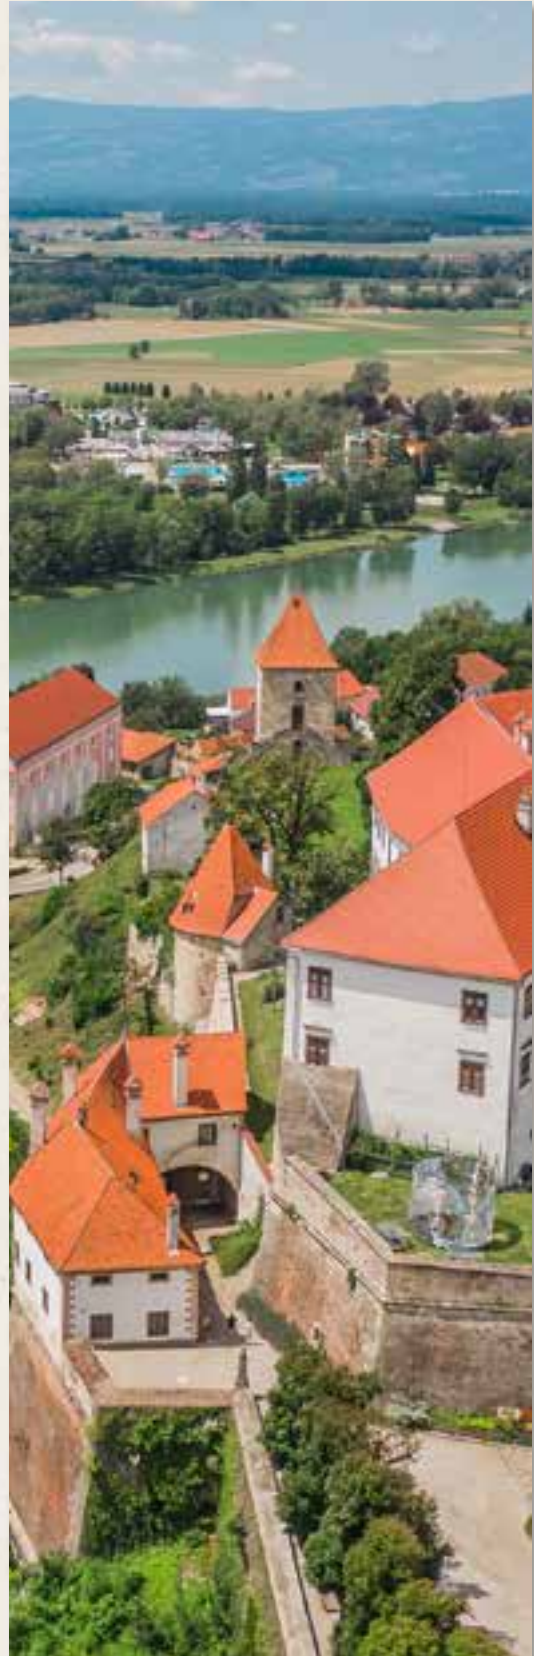

THE THERMAL RESORT'S ENTERTAINING SURROUNDINGS

Terme 3000 - Moravske Toplice Health Resort Zdravilišče Radenci

- ▶ In the Expano pavilion, you can go on a virtual hot air balloon flight over the Pomurje plain, and move water with the power of your mind.
- ▶ The Volcania Adventure Park lets you experience the eruption of a volcano and get to know the exciting world of volcanoes.
- ▶ At Sikalu Zoo, children will learn how to handle animals, and try their hand at riding horses or driving children's jeeps.
- ▶ You can also discover the idyllic views of the Pomurje landscape at the Vinarium observation tower, from which you can see as many as four countries.
- ▶ Lake Bukovnik is famous for its 50 bioenergy points, and St. Vid's spring is said to contribute to good vision. There is also an adventure park nearby with as many as 58 climbing features.
- ▶ On the Island of Love, you can see the Pannonian floating mill on the Mura river.
- ▶ The castle in the Goričko Nature Park is the largest in Slovenia and shrouded in a veil of mystery. Templars are said to have once lived there.

Terme Ptuj

- ▶ Ptuj is the oldest town in Slovenia. It was founded by the Romans and has a picturesque city centre, over which the mighty Ptuj Castle stands watch with its large halls, and collections of traditional carnival masks, medieval weapons, and musical instruments.
- ▶ Ptuj is best known for its annual carnival - Kurentovanje. The Kurent is the most famous local carnival character. You can go and see how the mask and costume are made in the Kurent's workshop in Spuhlja near Ptuj.
- ▶ And even more fairy-tale characters can be found in Red Riding Hood's fairy-tale forest. The fairy-tale houses are adorned with scenes from famous fairy tales.
- ▶ In the vicinity of Ptuj, you can recharge yourself with beneficial energy at the remains of the mysterious Vurberk Castle, near which you can also find an adventure park.
- ▶ If you want to be active and walk, run, or cycle around the so-called Ptuj Sea, which is actually a lake, there is a well-maintained path around the entire shore. In the summer, the lake offers a wealth of water sports and activities.
- ▶ Pohorje near Maribor is the largest ski centre in Slovenia. In the summer, it offers visitors a bike park, a summer sledding track, and countless hiking trails.
- ▶ Maribor is the second largest city in Slovenia, and invites visitors to discover its many beautiful city squares. You can also venture into the Tezno underground tunnels, ride a train through the city, or raft down the river.

BLED FOR FAMILIES

Sava Hotels Bled

- ▶ Take a Pletna, the traditional wooden boat made by locals, to the island of Bled, where you can ring the little church's famous wishing bell.
- ▶ Fiacre coaches in Slovenian national costume can also take you to Bled Castle, which lords over the lake on a mighty cliff. At the castle, you can visit the castle printing works, the museum, the blacksmith's workshop, and the castle cellar.
- ▶ Rent a boat at Grand Hotel Toplice's boathouse, and we will prepare you a picnic basket, so you are ready and on your way to having a nice picnic on the lake.
- ▶ The Zlatorog Trail leads around the lake and introduces families to the beauties of Bled in an entertaining way.
- ▶ At Straža, you can visit an adrenaline park among the treetops, and a land of folk tales, while the summer or winter toboggan run provides an exceptionally fun descent back into the valley.
- ▶ The Bled Vintgar Gorge is a picturesque alpine gorge. The path through it leads over wooden bridges from which you can observe waterfalls, rapids and pools, and ends under a mighty waterfall.

SEA ADVENTURE

St. Bernardin Resort Portorož

Salinera Resort Strunjan

San Simon Resort Izola

- ▶ At the Piran aquarium you can see as many as 200 different sea animals.
- ▶ You can take a boat trip organised by the well-known Fonda fish farm. You will sail out to sea to a fishing reserve, and end the trip with a tasting of various seafood delicacies.
- ▶ Mesečev zaliv ('Moon Bay') in Strunjan is the most photogenic place on the Slovenian Coast. You can find it below an 80-metre-high cliff, which is part of the Strunjan Nature Park.
- ▶ In the Sečovlje salt pans, you will learn everything about salt production and salt mud, which has a beneficial effect on the body.
- ▶ The city walls of Piran offer a beautiful view of the old town centre and the open sea, with a view extending over three countries, and even to the snow-capped Alps.
- ▶ Izolana - House of the Sea is a museum that presents the history of Izola and the town's traditional crafts.

Weddings

YOUR FAIRY TALE WITH A HAPPY ENDING

Planning a wedding should be just as enjoyable as the wedding itself. Why not choose the perfect organiser? Someone who will pay attention to your wishes, encourage you to do the little things that make the wedding your own, and who will ensure that you enjoy every moment of it? The genuine smiles of the Sava Hotels & Resorts wedding team will confirm that you have chosen the right partner for the most important day of your life. Wedding locations by the sea or a lake, or on rolling green plains will convince you that your choice of the most beautiful wedding scenery was the right one!

SIGNED WITH GREAT TASTE!

It's often said that the way to someone's heart is through their stomach. It's also said that a family that sits together at the dinner table is a happy family. Let your wedding day be marked by great flavours, interesting culinary combinations, the best wines, and dishes that your wedding guests will talk about for years to come! Trust us with your tastes and wishes, and the chefs of Sava Hotels & Resorts will prepare a wedding menu that will be the highlight of your personal wedding fairy tale.

Business events and meetings

WITH CHARACTER

We have various conference centres in seven destinations throughout Slovenia - each with its own character, but all with the uniform quality standard ensured by Sava Hotels & Resorts. Come to the Bernardin Congress Centre in Portorož, where even business meetings will make you feel like you're on vacation. Invite your partners to Bled - let the Alpine air clear your mind and lead you to shared success. Or choose a thermal resort, where our famous hospitality and excellent cuisine ensure sincere business relationships.

We organize all types of events and adapt each one to your specific wishes and needs. In addition to organising business events, we can also accommodate your guests in our hotels, as well as at our apartments, campsites and glamping sites. The latter are often a successful part of exceptional motivational events, the purpose of which is to find common inspiration and awaken team spirit. All our conference halls are just a few steps away from accommodation facilities. For business guests, we also provide special wellness, culinary and active experience packages, both with us and with local partners.

Sava Hoteli Bled

EXPERIENCE BLEDED WITH ALL YOUR SENSES:

- Take a traditional Pletna boat to Bled Island and ring the church's famous wishing bell.
- While on the terrace of the Cafe Park, treat yourself to the creamiest dessert in the world - the Original Bled Cream Cake.
- Climb the Ojstrica hill, which offers one of the most beautiful locations for selfies in the whole wide world!
- Go sledding on Straža hill in whichever season you like - but don't forget to keep your eyes open so you don't miss the view of the fairy-tale lake.
- Take a picnic basket, rent a boat and have yourself the most romantic date on the lake.
- Relaxation like you've never experienced before! After swimming in the warm pools, enjoy the dreamy view from the hot sauna.
- Did you know Bled was also home to the world's best ice cream? In 2017, thanks to our ice cream, Bled won the title of the best ice cream destination in the world!

WHAT A VIEW, WHAT A FEELING!

Many global media outlets describe Bled as an image of paradise. The views of this fairy-tale lake are relaxing and calming all year round. Our accommodation facilities therefore offer the most beautiful views of the lake - either directly from the shore or elevated slightly above it. The combination of the benevolent climate of Bled - a natural health resort since the 19th century - with its clean waters and inspiring views provides invaluable rejuvenating qualities for body and mind. Bled is also a paradise for hikers, cyclists, golfers, yoga lovers and runners. In the warmer months, it is a training centre for rowers from all over the world, and in winter it impresses visitors with its proximity to ski resorts in Slovenia, Austria and Italy, as well as to the world-renowned biathlon centres on the wooded Pokljuka plateau, and to the ski jumping centre in Planica.

THE GLOBAL GUEST APPRECIATES THE LOCAL

We have integrated local assets and local heritage into our accommodation, wellness, and culinary services. A beneficial bioclimate, clean water, wood from the surrounding forests and carvings by local artisans, honey and sweet honey products, Gorenje embroidery. From the interior design and furnishing of our rooms, to the local dishes in our restaurants and local ingredients in our wellness treatments, we will make sure that our guests feel the power of local stories and love them as much as we do!

A GREEN STORY

Experience local stories while leaving no trace in the local environment. This is how Bled has committed itself to sustainability, as evidenced by numerous awards (Slovenia Green, Alpine Pearls, Green Destinations). At Sava Hotels Bled, we are proud of our environmental certificates (Eco Daisy, Green Key, Slovenia Green Accommodation), we cooperate with local suppliers, we have charging stations for electric cars, and we equip our guests with sustainable knowledge for the future with the Green for Tomorrow initiative.

Bled's wellness centres

RELAXATION WITH HEAVENLY VIEWS

Wellness Živa

AT THE RIKLI BALANCE HOTEL

Wellness Živa is one of the most frequently awarded wellness centres in Slovenia. In addition to modern wellness rituals, relaxation and detox services in the form of massages, baths, saunas and beauty treatments (either Alpine or according to the Rikli concept), it also offers the largest waterpark in this part of Slovenia. Indoor and outdoor thermal water pools impress guests with heavenly views of Lake Bled. Children will jump for joy at the sight of the indoor water slide.

Spa Park

IN HOTEL PARK

When visiting Spa Park, your senses will feel the harmony between water and forest. The view of the beauty of Lake Bled, from both the panoramic thermal pool and the saunas, will give you the feeling of floating above the lake. This feeling will also accompany you during massages in the viewing rooms, treatments with authentic Slovenian products, and detox programmes. You can continue the detoxification treatment in the hotel lobby, where you can drink fresh Alpine water right from the spring.

Spa Luisa

IN GRAND HOTEL TOPLICE

Spa Luisa is a little paradise of relaxation next to a thermal water spring. It has everything offered by larger spas, but in an intimate atmosphere right on the shore of Lake Bled. Its specialty is an elegant bathing area featuring a terrace with heavenly views of the magnificent natural scenery of the lake. Bathing in and drinking the thermal spring water forms the basis of all wellness rituals at Spa Luisa. Among the rich selection of exclusive wellness services, don't miss out on our unique beauty rituals, such as Luisa's beauty fountain for her, and Luisa's energy elixir for him.

Culinary offer in Bled

TOP GASTRONOMY WITH HEAVENLY VIEWS

Cafe Park

ON THE LAKE BLEĐ PROMENADE

Your visit won't be complete without stopping by at the famous café with the best location in Bled. Cafe Park offers magnificent views of the lake, of the castle on the cliff, and of the island in the middle of the lake. The café is home to the famous and unique Original Bled Cream Cake, which you can only try in Bled. In addition to a rich selection of desserts, the café also offers delicious snacks and light lunches/dinners.

Restaurant Juliana IN GRAND HOTEL TOPLICE

Situated at the most beautiful spot on Lake Bled, Restaurant Juliana, with its beautiful terrace, is where world-class Chef Simon Bertonec conjures up his culinary creations. Under his creative leadership, the restaurant received the prestigious Michelin Plate award for fresh ingredients and a carefully prepared, good meal as well as the Recommended by Michelin Guide Slovenia 2022 title.

According to the Gault & Millau classification, Restaurant Juliana received three toques. What stands out in particular is the "Gorenjska selection" menu, dedicated to top local flavours and suppliers.

**MICHELIN
2022**

Original Bled Cream Cake

The first Original Bled Cream Cake was created almost 70 years ago in the confectionery of Hotel Park, and more than 15 million cakes have been served since then! We still prepare it according to the original recipe, with fresh ingredients, and you can try it in all our hotels and restaurants in Bled.

Terme 3000 - Moravske Toplice

TOP EXPERIENCES FOR THE WHOLE FAMILY

- The 32 thermal pools and baths in the resort allow you to stroll from one pool to another all day long, and still not getting around to trying them all!
- Among the many different pools, don't miss the baths with black thermo-mineral water. Just a few minutes in the water will have a beneficial effect on your joints, limbs and skin.
- If you visit us in the warmer months, you must also go down at least one of the adrenaline slides. Will you try the free-fall one? Or would you prefer the looping one?
- Treat yourself to a Prekmurje evening and let each family member try at least five Prekmurje dishes. Then have them say the names of the dishes in the local dialect. Who will correctly pronounce "dödöle"?
- Golfers are welcome here all year round, as the mild climate allows you to try the longest hole in Slovenia even in winter.
- You can discover the region around the thermal resorts with the help of virtual reality in the Expano pavilion, experience the eruption of a volcano, or explore four countries by bike along wine roads, nature parks, and energy points.

A BOUNTY OF THE BEST

Terme 3000 - Moravske Toplice is one of Slovenia's largest thermal resorts. In a variety of accommodation facilities ranging from 4 and 5 star hotels, houses, apartments, bungalows, and camping pitches, everyone will find the right fit for themselves. The thermal resort is famous for the warmest thermo-mineral water in Slovenia, which you can also experience in the form of black baths with beneficial effects. You will have a good night's sleep on pillows filled with local grains. The hotel restaurants will beckon you with the aroma of hearty Prekmurje flavours. Our massages are performed using local pumpkin seed oil and herbs from the Pannonian plains. Each of the baths impresses with its special and unique Prekmurje story. And if you decide to combine your thermal holiday with exploration of the surrounding area, we are sure to meet again soon!

THE POWER OF NATURE

The thermo-mineral water at Moravci springs from the black depths beneath the resort, and is considered the warmest thermal spring water in Europe. You can test its beneficial effects in unfiltered black baths and swimming pools of filtered thermal water, and at Hotel Livada Prestige you can even enjoy a black bath in the comfort of your own room! Various black baths and relaxation treatments on 15 million-year-old rocks from Prekmurje are the specialty of the Wellness Thermalium centre. We've also managed to capture the power of our black thermal water in the unique Blackaquatherm cosmetics line.

LOCAL CULINARY HERITAGE

When staying with us, you can embark upon a culinary exploration of Prekmurje without even leaving the hotel. Our chef duo here at Terme 3000 have made it their mission for every guest to taste and fall in love with the culinary tradition of Prekmurje. You can taste Prekmurje in the local ingredients and the typical local dishes. The menus feature more than 40 dishes made from buckwheat, a local grain.

Thermal Park Terme 3000

INDOOR RELAXATION AREA

Prekmurje bridge

The hotels are connected to the thermal park via a heated corridor. The walk through will awaken all your senses. You will be able to get to know typical local herbs, and listen to storks, to the murmur of the Mura River, and to the undulations of the grain fields. You will get to know the grains that grow in this part of Slovenia, and discover typical local flavours in the tasting area. The crystal corner will do wonders for your well-being, while a spot of chromotherapy will balance the energy in your body.

Indoor pools on two floors

The indoor thermal pools are spread over two floors. The lower part is designed for water fun, and is especially popular with children. The upper pools, with their views, are intended for those who appreciate a slightly slower holiday pace. Even in winter, it is possible to swim in the heated outdoor pools. The most appealing among them is a large bath filled with hot black water.

Ajda Rest Lounge

The upper floor of the indoor complex is intended for rest and relaxation. You can cleanse your body in the Finnish, steam, or infra-red saunas, and refresh yourself in the ice-cold well. You will rest in the Buckwheat Lounge on pillows filled with buckwheat husks, which have a calming, relaxing, micro-massaging effect and regulate body temperature.

THE LIVELY OUTDOOR AREA

Adrenaline waterslides

Are you ready to experience the rocket start of the world's first waterslide with a 360° loop? With speeds of 80 km/h it is also the fourth fastest waterslide in Europe!

The acceleration on the Aqualoop slide is almost twice that of a racing car! Or you can try the Kamikaze slide and drop into the pool from a height of 22m while barely even touching the waterslide. The feeling of free fall will make you feel as though you're flying!

Something for everyone

Under the mighty linden trees of Prekmurje you will find refuge from the sun in the summer, and a perfect place for recreation in the colder months. When you get tired of jumping into the water from the diving board, you can treat yourself to a relaxing outdoor massage with local ingredients. When you want to relax, treat yourself to a bath in the soft black thermal water. But when you're up for some action, join a water workout session in the recreational pool.

Gastronomy

You might get hungry at the thermal park, but you certainly won't stay hungry! In the inner part of the park there is the Buffet Restaurant Rašoška (Prekmurje dialect meaning 'fork') and Pivnica Bar - Kupica (Prekmurje dialect meaning 'glass'), while the outer area offers local delicacies at two different snack bars. Even the burger at Terme 3000 is not just any burger. The local ingredients and herbs used turn it into an explosion of great flavours!

Local, natural, Prekmurje

CULINARY OFFER AT
TERME 3000

Local recipes prepared our way

Throughout the year, our outstanding chefs make delicious creations with a touch of local Prekmurje cuisine. We have dared to take a step away from traditional recipes, preparing certain Prekmurje dishes in our own, more modern way.

Excellent Prekmurje desserts

The highlight of every good meal is... dessert, of course! In addition to the most famous Prekmurje dessert, the "gibanica" layer cake, you can also try many other regional dessert creations from our confectioners.

Photo: Funkit-Marketing, www.vistumurskasobotas.si

Local suppliers

We source a lot of dairy products from local suppliers, including various cheeses and yogurts. The bread products we serve are also made locally, for example "vrtanek" bread, bread baked in a traditional bread oven, onion bread, and bread with crackling. We source our potatoes, onions, garlic, and carrots from local farms, as well as our pumpkin seed oil, which is an essential part of Prekmurje.

Prekmurje breakfasts

They say breakfast is the most important meal of the day. If this is true, our authentic Prekmurje breakfast selection will surely make your days memorable! At Hotel

Livada Prestige, we treat our guests to an authentic, hearty Prekmurje breakfast with Prekmurje meats, cow and goat cheeses, minced lard, buckwheat salad, and onion bread.

Prekmurje dinners

At the Prekmurje dinners held every week in our hotel restaurants, we serve delicacies such as gypsy roast and bograč stew, as well as top quality wines. On these occasions, our master cooks look especially handsome, dressed in traditional Prekmurje costume while preparing and serving dishes in kettles and traditional pottery.

Mura Gourmet

While staying with us and enjoying our thermal services and facilities, you can also explore the culinary range offered throughout the surrounding area by booking the Mura Gourmet package. You will taste the culinary selection of some of the best local farms, and enjoy the authentic atmosphere of Prekmurje.

Prekmurje wellness

WELLNESS THERMALIUM

The beneficial power of Prekmurje's nature

At Wellness Thermalium, our wellness experts can help you choose the most suitable programme for you. Using either the most modern therapeutic methods or programmes based on established ancient procedures, you will experience complete comfort and relaxation, enhanced with the benefits of Prekmurje's nature.

Black thermal mineral water

The star attraction among all our treatments is the unfiltered black thermo-mineral water, from which we have created the unique Blackaquatherm cosmetics and care line, suitable for sensitive skin and especially appreciated for relieving problems with dry skin and psoriasis.

Prekmurje herbs and pumpkin seed oil

Only at Wellness Thermalium can you experience these unique baths and massages, enriched with a touch of Prekmurje's meadows and fields. Treat yourself to a massage with flower oil from the Pannonian meadows, or a Livada massage, where our experts will take care of your relaxation using green gold - pumpkin seed oil.

The vital energy of millions of years

In addition to the therapeutic effects of, and relaxation resulting from, our unique treatments you can also treat yourself to a spot of lounging next to a 15-million-year-old mineral - a septarian nodule. Some also call it the Dragon Stone, and believe it radiates a very special energy of vitality.

Our wellness specialties

THERMALIUM WELLNESS

Pannonian meadow massage with herbal scrub

The Pannonian meadow massage is special because of the massage oil used, which captures the power of herbs that grow in the meadows of Prekmurje. In addition to herbal oil, the massage can also include a herbal scrub and herbal bundles, with the effect being the same every time - complete relaxation with a touch of Prekmurje.

The Thermalium Special massage

We designed the unique Thermalium Special massage based on our massage therapists' many years of experience and vast knowledge. In it, we have combined various, and in our experience the most effective, massage techniques (classic massage, lomi lomi, lymphatic drainage, Ayurveda, acupressure, reflex massage), which are performed in a unique and unrepeatable way using warm natural oil.

Honey massage with floral honey

The best bee grazing available is in the blooming buckwheat fields and vast meadows of Prekmurje. With honey-based cosmetic products, nature's treasure trove offers us revitalization for our body and softness for our skin, and we, in combination with massage treatment, use it for your relaxation and comfort.

The Little Livada and Vast Livada massages

Pumpkin seed oil (or green gold, as they call it in Prekmurje) is one of the most characteristic natural products of Prekmurje. It contains many minerals and vitamins, due to which it has a particularly beneficial effect on our bodies. Pumpkin seed oil, along with the skilled hands of our massage therapists, will take you on a journey across the magical world of the Prekmurje plains.

Health Resort Zdravilišče Radenci

LAND OF A THOUSAND BUBBLES

- ▶ Everyone who visits Health Resort Zdravilišče Radenci should try the tickling bubbles of the CO₂-rich mineral water from the Radenci thermal spring.
- ▶ Continue exploring the bubbles in the mineral bath. You can also treat your hands to a bubbly bath that will make them feel silky soft again.
- ▶ You can also take a swim in the bubbly water of the thermal oasis, or enjoy one of the massage pools.
- ▶ Take a stroll through the health resort park, or along the many springs of thermal and mineral water.
- ▶ Join our guides who will tell you not one but three local legends about the mineral water. You will also find out about the many people throughout history who swore by the famous mineral water from Radenci.
- ▶ Radenci lies in the middle a wine-growing region where they cultivate the grapes for the best Slovenian sparkling wines.
- ▶ There are hiking trails through the vineyards, where you can explore as many as three countries, and cycling or walking along the Mura river helps maintain good physical fitness. As well as enjoying the beautiful Prekmurje landscape, you will also discover many interesting facts and stories about the region.

THE HEART SAYS YES!

Health Resort Zdravilišče Radenci is home to a unique mineral wellness centre, based around its CO₂-rich mineral water. In addition to its mineral water, the spa prides itself on three additional natural healing factors – the thermal water that fills the indoor and outdoor pools of the thermal oasis, the beneficial fango mud used in wellness treatments, and a favourable climate with more than 250 sunny days a year. These four natural healing factors are the recipe for a great health holiday at Health Resort Zdravilišče Radenci. You can boost your well-being with a daily glass of mineral water from the natural spring that awaits you in the heart of our health resort - the Health Lounge. Your heart is calling for a vacation at Health Resort Zdravilišče Radenci!

MINERAL WELLNESS

Health Resort Zdravilišče Radenci is the home of mineral wellness. Whether it's a drinking treatment, inhalations with mineral water rich in CO₂, mineral baths, or sauna sessions with mineral water ice, each of these unique services has its own benefits for your well-being. Along with thermotherapy, Kneipp baths, bathing in thermal pools, and exercising in the fresh air, mineral wellness is part of our holistic approach to well-being.

BATH OF A THOUSAND BUBBLES

A bath in our mineral water, which has some of the world's highest CO₂ content, has a beneficial effect on the heart, the skin, and on your general well-being. The CO₂ bubbles are absorbed into the body, thus improving blood circulation, which contributes to faster detoxification. The bath also contributes to the regulation of blood pressure. We use mineral baths and other mineral wellness services to complement modern medical procedures in our medical centre, which specializes in cardiovascular diseases.

Mineral Wellness

WELLNESS CORRIUM

4 natural healing factors

The wellness centre at Health Resort Zdravilišče Radenci is based on our four natural healing factors, namely 250 sunny days a year, thermal and mineral water rich in CO₂, and the healing Fango mud.

Unique mineral wellness

Whether it's a drinking treatment, inhalations with mineral water rich in CO₂, mineral baths, or sauna sessions with mineral water ice, each unique service has its own benefits for your well-being, and is part of a mineral wellness experience that you can get nowhere else in Slovenia.

Health lounge

The health lounge is located in the recently renovated drinking lounge, where guests can pour themselves some beneficial CO₂-rich mineral water directly from the spring. The drinking cure is effective in helping with low blood pressure and chronic constipation, while also preventing the formation of kidney stones and osteoporosis. The lounge also offers a mineral hand bath, meditations, and guided group exercises.

Beneficial baths and massages

Our famous mineral baths contribute to the regulation of blood pressure and better blood circulation, and so consequently to faster detoxification of the body. We add herbs, champagne, grape seed oil, and even milk and scented salt to our famous mineral baths. We also offer numerous massage treatments.

140 years of health care

HEALTH CENTRE
ZDRAVILIŠČE RADENCI

Centre for Cardiovascular Diseases

Health Resort Zdravilišče Radenci is a renowned centre for the rehabilitation of cardiovascular patients, and an established diagnostic centre where we help patients recognise and alleviate the consequences of long-term stress on the development of heart conditions. We complement our medical programmes with the healing effects of beneficial thermal and mineral water. In particular, mineral water is used for inhalations, drinking treatments, and baths.

We treat:

- ▶ cardiovascular diseases
- ▶ rheumatic diseases
- ▶ metabolic diseases
- ▶ rheumatic conditions, locomotor system disorders, and post-trauma conditions
- ▶ neurological diseases
- ▶ physical and mental exhaustion

Specialist clinics:

- ▶ internal medicine clinic
- ▶ physiatrist clinic
- ▶ urological clinic
- ▶ gastroenterology clinic
- ▶ orthopaedic clinic
- ▶ otorhinolaryngology clinic
- ▶ bone densitometry clinic
- ▶ occupational medicine clinic
- ▶ aesthetic surgery

Terme Ptuj

SEIZE THE DAY IN TERME PTUJ

- Start the day with a run, walk or yoga by the Drava River, which separates the resort from the oldest Slovenian town of Ptuj. You will be filled with energy, while the mysterious power of the river, as our ancient ancestors believed, will carry away negativity and badness.
- After breakfast, and according to the Be Fit programme compiled by a renowned nutritionist, you can start your morning routine at the pools. Will you choose the exclusive thermal pools in the hotel or the hustle and bustle of the thermal park?
- Let us warn you that it will take quite some time to try out all the slides in the thermal park. That's why you'll need to have a rest in the lazy river or the wave pool afterwards.
- There is a wide selection of afternoon activities: you can go for a round of golf with stunning views and water obstacles, go on a bicycle tour through the vineyards, or explore the streets of the oldest town in Slovenia.
- Or you can always choose some wellness pampering - you are in Roman Ptuj after all!
- Finally, end the day on the Pinwheel of Health. Slovenia's premier natural spot for preventing burnout syndrome will give you the strength needed for tomorrow.

ACTIVE REGENERATION

Due to the fast pace of modern life, finding balance is becoming a priority. In Terme Ptuj, we will help you get there. Treat yourself to a holiday with us, and regeneration of body and mind is 100% guaranteed! The combination of physical activities, wellness treatments and healthy, delicious food will work wonders. In this quaint, superior hotel with a themed wellness world, we take pleasure and relaxation seriously. Everything is designed to provide you with total relaxation. Next to the majestic river in the green park across from the hotel lies one of the largest water parks in Slovenia. Behind the hotel is a golf course with an inspiring view of Ptuj Castle. The combination is definitely a winning one - just like our coffee, which has won a total of seven gold medals!

THE IMPERIUM OF WELL-BEING

In Terme Ptuj, we will gently remove all trace of stressful everyday life from your body, and prepare you to meet new challenges. Let the expert staff of Wellness Valens Augusta centre treat you in rooms themed according to ancient Rome, the Orient, Japan, Egypt, and Thailand. And enjoy a world of herbs and grapevines, as well as the Flavia world of saunas, which includes an ice cave as well as a hot and cold Kneipp bath. Modern beauty procedures for natural rejuvenation and body shaping will ensure that you shine in the most beautiful light.

SLOVENIA'S OLDEST TOWN

The oldest town in Slovenia was founded by the Romans two thousand years ago. It impresses visitors with its fully preserved medieval town centre and the mighty castle above. One of the largest wine cellars in Slovenia is located beneath the city streets. Among other festivals, Ptuj is home to the largest Slovenian carnival - Kurentovanje. And the wine-growing area around Ptuj will impress even the most discerning of wine lovers.

An aerial photograph of the Terme Ptuj Thermal Park. The image shows a large, multi-story concrete building with several slides extending from its sides. The slides are primarily blue and red. Below the slides are several swimming pools, including a large rectangular one and a smaller, more circular one. The park is surrounded by lush green trees and a clear sky. In the background, a river and some distant hills are visible.

Thermal Park Terme Ptuj

WATER FUN

Huge waterslide complex

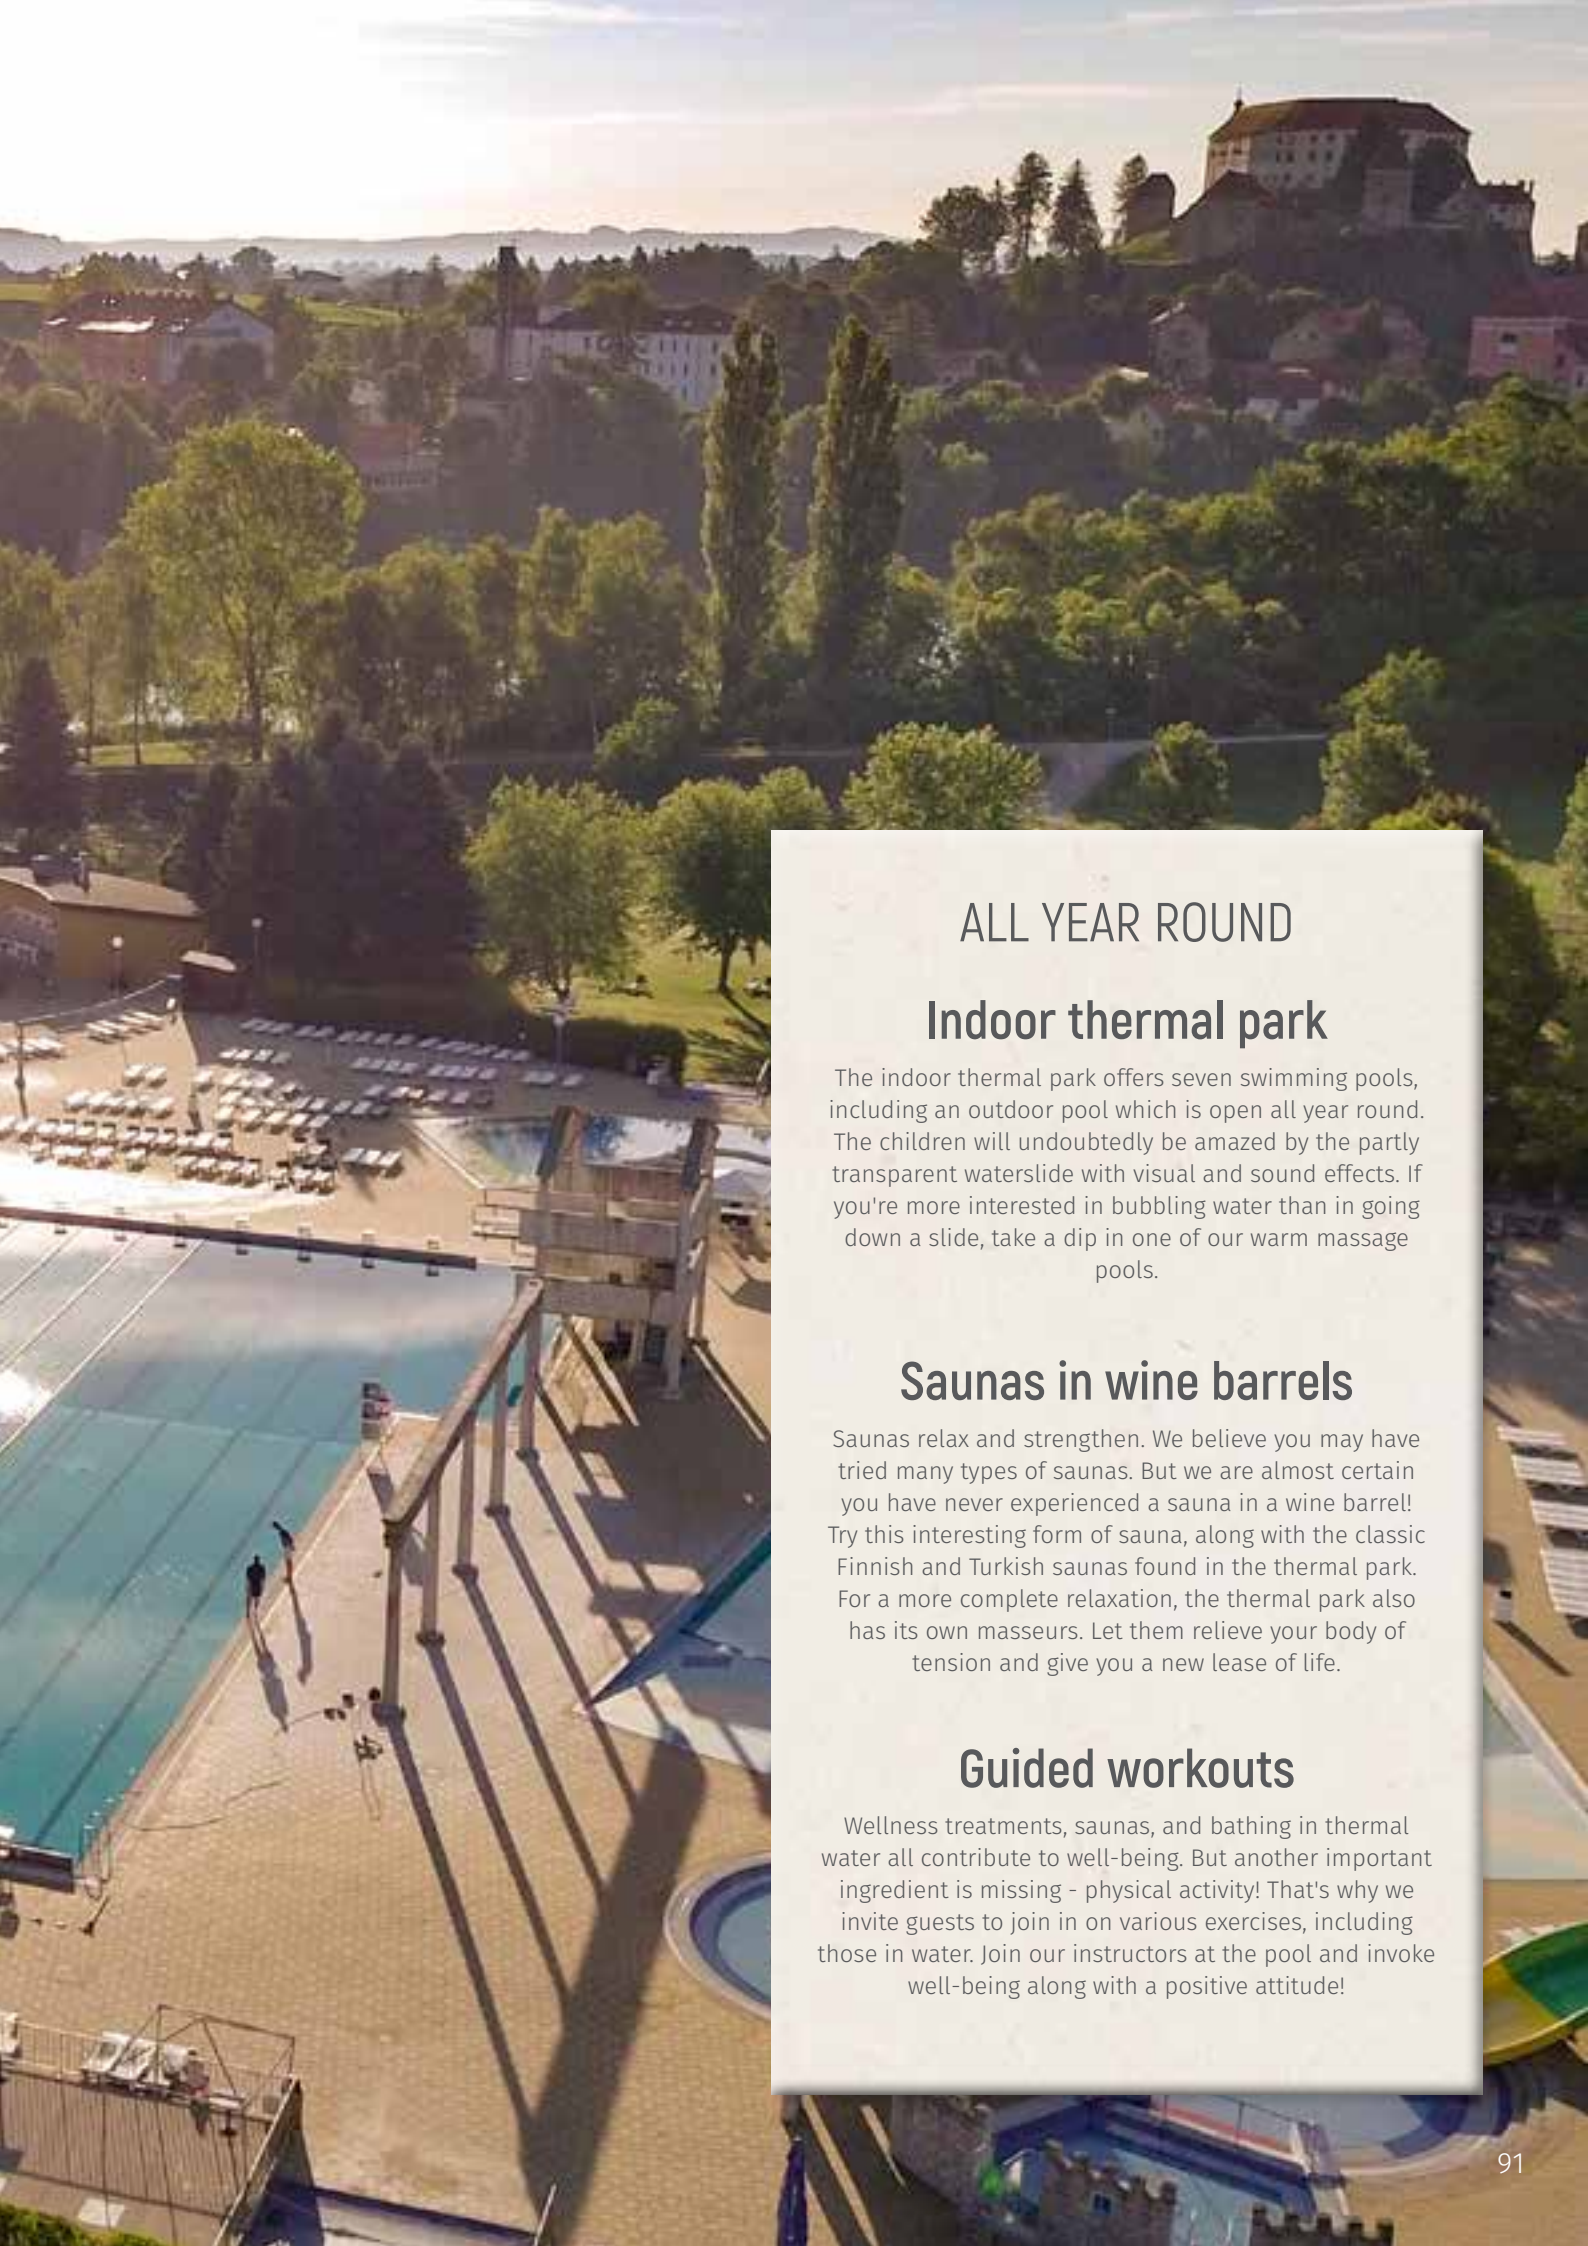

The colourful water slide system is a feast for the eyes, and a test of your courage. First, warm up on the shorter slides, then go for a longer ride with countless twists and turns. Water slides are a real adrenaline experience! Enjoy the various jumps carefree, as the water slide will bring you safely to the plunge pool. Now all you have to do is climb back on top of the slide tower and start the sliding fun all over again!

Pools of all shapes and sizes

Water slides are far from the only water attraction you'll find here. Although we are not at sea, the turbulent pool will conjure up mighty waves for you to conquer. Too much spray? Then take an inflatable tube and meander down the lazy river, or dive into the relaxation pool. The youngest among us will enjoy the children's pool with its fun and games, while older children will practice jumping from the diving board. Those who want to accumulate some swimming kilometres during their vacation can do so in the Olympic-size pool.

Sports park

The water park is located in a green area next to the mighty Drava River. The many trees here offer natural shelter from the summer sun, with the canopies also shielding an outdoor fitness centre, volleyball court, and mini golf course. The water park is also next to tennis courts, as well next to an 18-hole golf course with water hazards. You can also take your bicycle to the so-called "Ptuj Sea" nearby, where you can sail or ride canoes, kayaks, and pedalos.

ALL YEAR ROUND

Indoor thermal park

The indoor thermal park offers seven swimming pools, including an outdoor pool which is open all year round. The children will undoubtedly be amazed by the partly transparent waterslide with visual and sound effects. If you're more interested in bubbling water than in going down a slide, take a dip in one of our warm massage pools.

Saunas in wine barrels

Saunas relax and strengthen. We believe you may have tried many types of saunas. But we are almost certain you have never experienced a sauna in a wine barrel! Try this interesting form of sauna, along with the classic Finnish and Turkish saunas found in the thermal park. For a more complete relaxation, the thermal park also has its own masseurs. Let them relieve your body of tension and give you a new lease of life.

Guided workouts

Wellness treatments, saunas, and bathing in thermal water all contribute to well-being. But another important ingredient is missing - physical activity! That's why we invite guests to join in on various exercises, including those in water. Join our instructors at the pool and invoke well-being along with a positive attitude!

The Imperium of well-being

WELLNESS VALENS AUGUSTA

Roman themed treatments

The intertwining of our wellness services with elaborate interior design conjures up the spirit of ancient Rome.

Indulgent treatments are available for both men and women, with couples being able to choose from a variety of Roman themed thermal baths, such as the romantic Amor Bath. A Roman back massage with wine oil or a wine bath both provide quick and effective relaxation.

The tradition of Roman baths in a world of saunas

In the hotel's Flavia world of saunas, we are reviving the relaxation tradition of Roman baths on a 400 m² facility. The world of saunas features a chromotherapy sauna, an extreme Finnish sauna, an aromatherapy sauna, a mud sauna, a steam sauna, and a salt sauna. The power of the saunas is enhanced by warm thermal or cold Kneipp baths, whereas for a more intimate experience we recommend renting the Roman VIP sauna.

Pampering for couples

Would you like to indulge in relaxed moments for two, without crowds and in complete intimacy? You can choose between the Japanese and Oriental wellness suites, each of which offers a massage pool, as well as its own Finnish and Turkish saunas. In addition to the wonderful ambience and complete privacy, we stock the suite with everything needed for a romantic couple's relaxation.

The Pinwheel of Health

Visit the Fortuna park in Terme Ptuj and look for the Pinwheel of Health. Relax your thoughts, feel the nature around you, and focus on your well-being. The six sections of the pinwheel bring together six simple exercises for a better lifestyle, and will help you increase your inner energy level and prevent burnout.

State-of-the-art beauty treatments

After visiting our wellness centre, guests not only feel reborn, but also rejuvenated! We are equipped with state-of-the-art devices for body contouring and facial rejuvenation, and highly effective, non-invasive treatments such as Med Contour, Reviderm, and Med Visage.

Reviderm

With Reviderm cosmetic treatments, you can get rid of skin problems such as acne, scars and hyperpigmentation, refresh your skin, and restore its elasticity. After a thorough analysis of your skin, we'll recommend the appropriate treatment your skin needs for a healthy look.

Med Contour

With Med Contour beauty treatments, you can lose as much as 2.5cm from your waistline with a single treatment! With a completely painless and non-invasive treatment, described as one of the safest alternatives to liposuction, we will shape your body and get rid of fatty deposits where they bother you the most.

Med Visage

With the unique Med Visage beauty treatment, you will achieve a more youthful appearance in the skin on your face after just one session. In addition to taut and rejuvenated skin on your face, neck and cleavage, this non-invasive procedure also reduces double chins, wrinkles, and dark circles.

St. Bernardin Resort Portorož

JUST A STEP AWAY FROM THE SEA

St. Bernardin Resort is located right by the sea, on a popular seaside promenade. It is the perfect starting point for exploring old Piran on one side, and Portorož's world of entertainment on the other. Its three hotels are located near the old Benedictine chapel by the sea, and are surrounded by oleander trees, palm trees, and rosemary bushes. There are seaside lidos all around, and the hotels offer both indoor and outdoor pools filled with sea water, as well as wellness centres. The heart of the resort is the marina, in which you can find traditional restaurants serving typical Istrian dishes. From the cliff above the resort, a five-star hotel with the largest congress centre in Slovenia watches over everything. This is St. Bernardin Resort - something for everyone, all this just a step away from the sea!

SUNNY ALMOST 365 DAYS A YEAR:

- ▶ With its Mediterranean climate, Portorož is one of the warmest parts of Slovenia.
- ▶ The many sunny days even in the colder months attract sun seekers from far and wide. In Slovenia, when we say, "Let's go to Portorož for coffee!", we're really talking about a weekend trip to the sea.
- ▶ Portorož is known for never sleeping. The bars and restaurant on the seafront promenade offer something for everyone all year round.
- ▶ "Something for everyone" also applies to Portorož's beaches, its numerous piers, its well-maintained promenade, its water sports centre, and its children's playground. The beaches at St. Bernardin Resort can even boast of a Blue Flag award!
- ▶ In Portorož, you can take a swim all year round! And not only in the sea, as in the traditional ritual of jumping into the sea on New Year's Day. Our hotels offer many indoor swimming pools with sea water and views of the sea.
- ▶ The St. Bernardin Resort also offers heated sea water pools at Sea Waterpark Termariš, the largest water park on the coast.

ISTRIAN GASTRONOMY

Istrian cuisine is among the healthiest in the region. In our restaurants, you can try typical Istrian dishes, such as “bobiči” stew, “pedoči na buzara” clams, frittata with wild asparagus and prosciutto, and delicious “kroštula” and “fritola” fried pastries. While in good company, enjoy a glass of local wine, such as Malvasia or Refosco, or a refreshing “bevanda”, which is wine mixed with water, and your day on the coast will be even better!

A VIEW OF THE SEA

If the people of Primorje were to write a recipe for enjoyment, they would take good food and drink in good company, and add a view of the sea. It soothes and inspires us. That's why we opened up the sea view to our rooms, swimming pools, and wellness centres. In our wellness centres, we have spiced up the recipe for enjoyment some more by adding traditional local ingredients, such as sea salt, salt mud, olive oil, and lavender. At the Sea Waterpark Termaris, you can also indulge in the power of the “young sea” with a view of real sea waves, and your relaxation in Istria will be complete!

Grand Hotel Bernardin★★★★★

MORE THAN 350 EVENTS EVERY YEAR

- ▶ The largest hotel conference centre in Slovenia.
- ▶ Multifunctional design enables the organisation of a wide range of business meetings and events.
- ▶ 17 congress halls with the possibility of partitioning into 2-4 sections, with daylight and views of the sea.
- ▶ The halls are located on three floors, which enables excellent logistics and circulation of participants.
- ▶ The largest gatherings allow the participation of up to 1,300 guests, with the possibility of hosting a dinner for up to 930 guests on the beach.
- ▶ Spacious lobbies and social areas enable the free flow of knowledge and information.
- ▶ Business guests will conclude their day with a view of the sea from their hotel room, which gives them the feeling that they are actually on vacation.
- ▶ At motivational meetings, we offer a package for discovering Slovenian Istria by exploring olive groves, hunting for truffles, and visiting a fish farm.

- ▶ The hotel is located right by the sea, on the popular promenade between Portorož and Piran
- ▶ Elegantly furnished rooms, apartments, and suites with balconies (241)
- ▶ The view from the rooms gives the feeling of floating above the sea

- ▶ Panoramic indoor pool with heated sea water
- ▶ Wellness Paradise Spa for heavenly pampering with saunas and a pool overlooking the sea (5)
- ▶ A culinary fusion of local Istrian tradition and the lightness of seaside cuisine, which you can try in your hotel room and in the restaurants outside of the hotel (3)

- ▶ Right in front of the hotel is a beach with an exclusive Marine Summer Club area
- ▶ Entry to the Sea Waterpark Termaris (at Hotel Histria inside the St. Bernardin resort)
- ▶ Congressional facilities (17)
- ▶ Café and Cocktail Lounge with piano

- ▶ Covered outdoor Grand Garden terrace overlooking the bay
- ▶ Tropic Bar by the promenade and hotel beach
- ▶ Superior hotel standard (24/7 room service, Wi-Fi, parking, hotel spa robe and slippers, charging stations for electric cars)

Hotel Histrio★★★★

- ▶ Complete 2020 renovation in Istrian style with three types of themed rooms
- ▶ Rooms and suites with balconies and sea or harbour views (276)
- ▶ Sea Waterpark Termaris at the hotel overlooking the sea
- ▶ Outdoor terrace with loungers and beach umbrellas

- ▶ A well-kept beach with an outdoor swimming pool next to the neighbouring Hotel Vile Park
- ▶ Wellness Benedicta centre with treatments enriched with local ingredients
- ▶ Panoramic sauna with a view of sea, as well as other saunas
- ▶ Hammam and salt room

SEA WATERPARK TERMARIS

- ▶ A popular, 2,400m² beach available year round.
- ▶ The water park's special feature is the open sea view, which makes you feel like you are actually swimming in the sea.
- ▶ The swimming pools are filled with what is known as "young sea", which is seawater enriched with beneficial minerals from the many tributaries that flow into it. This makes swimming in our pools the closest thing to swimming in the sea.
- ▶ The relaxation area of the water park features a swimming pool with a relaxing waterfall, which can deliver an excellent massage, as well as a pleasantly warm massage pool.
- ▶ If you want to have some water fun you can head to the swimming pool surrounded by children's pools with fun play equipment, or the playful pool with its rushing river and whirlpools.
- ▶ The marine water park is connected to the Wellness Benedicta centre with a panoramic sauna, hammam, and salt room.

- ▶ Hotel restaurant offering local Istrian and Mediterranean dishes
- ▶ Restaurant in the marina next to the hotel
- ▶ Café and bars (6)
- ▶ Free parking for guests
- ▶ Car wash and electric automobile charging stations
- ▶ Cyclist-friendly hotel with access to

- organized cycling trails
- ▶ On the walking route between lively Portorož and classical Piran
- ▶ Conference facilities (2)

Hotel Vile Park★ ★ ★

- ▶ Five villas with 244 comfortably furnished rooms
- ▶ The rooms in Villa Galeja (66 rooms) were renovated in 2022, while in 2024 we also renovated rooms in Villa Nimfa (49 rooms) and Villa Orada (75 rooms) – 190 premium rooms in total
- ▶ Villa Barka offers recently refreshed apartments with sea views, kitchens, living rooms, and bedrooms (25 rooms)
- ▶ And in Villa Galeb (29 rooms), you can stay in pet-friendly rooms with either a sea or park view
- ▶ The villas share a common reception

- ▶ Sports fields nearby (tennis, volleyball, basketball, handball, football, mini golf, outdoor gym)
- ▶ Pets welcome (including an outdoor shower for washing pets)
- ▶ Wi-Fi

An aerial photograph of the Salinera Resort in Strunjan, Slovenia. The resort features a large, multi-story building with a red-tiled roof, surrounded by lush green trees and a swimming pool. The resort is situated on a peninsula with a beautiful bay in the background, where several boats are anchored. The water is a vibrant blue-green color.

Salinera Resort Strunjan

THE BENEFICIAL POWER OF THE GREEN BAY:

- ▶ The many sunny days and mild winters here allow for vacations by the sea year-round, with the fresh sea air contributing to your well-being.
- ▶ In the resort, a bioenergy park with 12 energy points will also help you on your path to well-being.
- ▶ The colours of the lush Mediterranean greenery of Hotel Salinera's surroundings are also soothing and relaxing.
- ▶ The Wellness Syra centre, a centre of health, relaxation and vitality, stands on the site of a former Benedictine monastery dedicated to healing.
- ▶ In the sauna centre you can treat yourself to a detoxification of the body with a combination of wet and dry saunas, which will help your immune system.
- ▶ In front of the hotel, you can enjoy the grassy Salinera beach with plenty of pine shade.
- ▶ From the resort, you can walk to the beautiful secret beach at the foot of a cliff in Mesečev zaliv ('Moon Bay').

BIOENERGETIC RESORT

Salinera Resort Strunjan is located in the heart of a green, natural environment, blessed with a mild Mediterranean climate. The resort is located next to Nature Park Strunjan, a natural reserve and home to many plant and animal species. It is also part of the unique natural and cultural heritage of Slovenian Istria. Guests can explore the regional park on foot. The connection of the resort with its natural environment is also reflected in the bioenergetic park inside the resort. Our guests love to return to this peaceful green bay to recharge their batteries, living in harmony with nature and doing numerous activities in the fresh sea air.

STRUNJAN NATURE PARK

Part of Strunjan Bay is protected as a nature park, and represents the longest continuous stretch of natural coastline in the Trieste Bay area. The most characteristic part of the park is the 80m-high Strunjan cliff, with a walking path leading along the slopes. On the edge of the cliff, a large cross rises above the sea, testifying to the legend that St. Mary once saved the lives of sailors in a storm. From the location of the cross, there is a wonderful view of the coast beneath the cliff, and of the Bay of Trieste. In clear weather you can even see the highest Slovenian mountain, Triglav.

COASTAL FLORA AND FAUNA

The mild climate allows year-round activities in the fresh air, while also offering shelter to many types of plants and animals. In the warmer months, take a walk along Stjuža, the only Slovenian lagoon with an underwater meadow, rich in crustaceans, molluscs and fish. In the Strunjan salt pans you can learn everything about salt production. In the nearby semi-saline marsh Škocjanski zatok, you can admire more than 200 species of birds.

San Simon Resort Izola

LIVELY MEDITERRANEAN

San Simon Resort in Simon bay is surrounded by lush Mediterranean greenery, and is where the remains of the ancient Roman port of Haliaetum can still be seen today. The resort takes its character from the seaside town of Izola - always lively, happy and in motion! Its seaside location, pebble beach with waterslide, professional children's entertainers, mini club, and lively fun all year round bring guests of all generations to the resort. The Roman tradition of joy and celebration is also kept alive all year long. The bustling culinary celebrations and festivals will ensure your taste buds thoroughly enjoy your seaside holidays!

SURRENDER TO THE HEARTBEAT OF PICTURESQUE IZOLA!

- ▶ San Simon Resort can be found at Simon bay in Izola, which is fuelled by the heartbeat of cultural and culinary events, and by the charm of the fishing tradition throughout the year.
- ▶ Izola owes its name to the fact that it was once an island ('isola', meaning 'island'). The Romans built the first settlement on this island a millennium and a half ago.
- ▶ In Izola you can see the old bourgeois palaces, and learn about the work of artists, and their techniques for crafting traditional works of art from clay, ceramics, or Murano glass.
- ▶ For a real dose of history, explore the archaeological park and its remains of a Roman seaside villa and port, or feel the turbulent history in the mysterious old town alleys.
- ▶ Izola is a town all about fishing. In Izolana - House of the Sea - you too can try your hand at being a fisherman, navigating the sea in a real fishing cabin, and catching a "sardine" or two in an interactive game!
- ▶ Izola is famous for its olive trees and vineyards, and along with its hinterland, it offers an excellent combination of Istrian and seaside cuisine. Local gastronomy providers are part of the Kilometre Zero initiative - providing authentic dishes from local, fresh, healthy ingredients, prepared according to traditional recipes.

FAMILY-FRIENDLY

San Simon Resort is an excellent choice for a family vacation. In addition to Hotel Haliaetum's family rooms, children visiting the resort will be delighted by the outdoor playground, the children's corner, the children's menus in the restaurant and, upon request, basic childcare necessities in your room. At the mini club, professional activity leaders will conjure up a child's dream vacation by the sea. An additional incentive to choose San Simon Resort for a family vacation is the various family benefits.

BEACHES AND THE ADRENALINE SLIDE

Various beaches await you in and around the resort. The trademark of the San Simon Resort is a pebble beach with a low approach to the sea, which is a bearer of the Blue Flag beach quality award. There is a large outdoor water slide on the beach, with access to the water from the pier. A large part of the beach bathing area is overgrown with pines and acacias, which provide pleasant shade. Just a short walk in the direction of Strunjan, you will find the beach under the Belvedere. In the direction of Izola, you can also bathe at Delfin Beach, and when you get to Izola you can jump into the water at the city beach, which has a real lighthouse!

Our beaches bearing the Blue Flag

The Blue Flag is an international recognition awarded to beaches and marinas for ecology and for the preservation of the environment. The Blue Flag guarantees a preserved environment, cleanliness of the sea and beach, good organisation, and high quality of services.

THE GRAND HOTEL BERNARDIN BEACH, St. Bernardin Resort Portorož

The private beach in front of the five-star Grand Hotel Bernardin offers a unique and prestigious swimming experience. In addition to comfortable sunbeds and umbrellas, well-kept beach also pampers its guests with refreshing towels, ice cream, smoothies, afternoon aperitifs, and other advantages of the butler's service.

THE HOTEL VILE PARK BEACH, St. Bernardin Resort Portorož

The beach share by Hotel Vile Park and Hotel Histron is distinguished by its renovated swimming pool, next to which is a hotel bar with a wide range of refreshing drinks, and play equipment for children. The beach and pools are open during the summer season. Guests of Hotel Histron, Hotel Vile Park, and Grand Hotel Bernardin can access the beach free of charge.

SAN SIMON BEACH, San Simon Resort Izola

At San Simon Resort, you will find a well-kept bay with sand and a low approach to the sea, making the beach suitable for even the youngest of guests. A large part of the beach bathing area is overgrown with pines and acacias, which provide pleasant shade. The promenade leads from the beach to many other beaches in the vicinity, with young people also being impressed by the renovated slide that makes for unforgettable water fun.

SALINERA BEACH, Salinera Resort Strunjan

The Salinera Resort beach stretches on grass surfaces under pine trees, and is surrounded by Mediterranean greenery and 12 energy points. The energy points, which are an integral part of the Salinera bioenergy park, have a positive effect on improving an individual's mental and physical well-being.

Green initiatives

FOR TODAY AND TOMORROW

At Sava Hotels & Resorts, we want the best for our guests, as well as for our planet, so we believe in the present and future of sustainable tourism, digitalisation, and the coexistence between tourism and the local environment. By adopting sustainable measures in our accommodations, we contribute to the reduction of CO₂ emissions, strive for efficient use of water and energy, try to use more degradable and environmentally friendly materials, and reduce and separate waste. We also see a role for ourselves in preserving local heritage, which is why we use local products in our accommodation facilities, local ingredients in our kitchens, and want to bring local specialties and stories closer to our guests, who inspire us to work harder every day.
