Nettle Venom Facial (50 min) **70 €** **Collagen Facial** (50 min) **75 €**

Odkrijte skrivnost mladostne kože z našo novo nego, ki izkorišča 100% naravne, veganske sestavine in deluje kot “facelift”, pomirja rdečico, gladi drobne linije, zmanjšuje pigmentacije in zabuhlost kože.

Discover the key to youthful skin with our new facial. Using 100% natural, vegan ingredients, it has a lifting effect and alleviates redness and puffiness, as well as smoothing fine lines and reducing pigmentation.

Nega vključuje nove izdelke Heaven, ki spodbujajo nastajanje kolagena v koži. Temelji na uporabi novega prehranskega dopolnila - kolagenskih kapljic, ki jih uporabimo tudi pri negi kože in posebnih masažnih tehnik, ki dodatno dvignejo obrazne mišice in zmanjšajo izrazitost gub.

Facial with new Heaven products that boost collagen production. The facial is based on collagen drops, a new nutritional supplement that is also used in skin care, and special massage techniques that give facial muscles a lift and reduce wrinkles.
