SLOVENIA

GREEN, SAFE AND ALL-IN-ONE

Nestled among the snowy Alps of Austria, the cultural gems of Venice, the vast Adriatic Sea of Croatia, and the thousand-year history of Hungary, there is a small country with a population of less than two million. A country with 'love' in its name – love for all the gifts of nature and history in this beautiful part of the world. The snowy Alpine peaks overlook the blue of the Mediterranean, while the cosmopolitan city of Ljubljana gazes towards the broad Pannonian plains dotted with thermal springs. Slovenia offers all this and more. It can be explored in a single day, but you will definitely want to stay for longer!

HOW TO DESCRIBE THE ONLY COUNTRY IN THE WORLD WITH 'LOVE' IN ITS NAME?

GREEN

Slovenia was the first country to be declared a Green Destination of the World.

HEALTHY

Slovenia has 87 natural thermal springs, of which 15 are home to natural health resorts.

ACTIVE

Slovenia has been the winner of many sporting competitions, especially in terms of the number of medals per capita.

DIVERSE

You can go skiing in the mountains and swimming in the sea, all in a single day.

DELICIOUS

The world's best female chef in 2020 was a Slovenian.

BELOVED

Change the spelling of Ljubljana to Ljubljena and it means 'beloved'. Sweet, isn't it?

A scenic view of Lake Bled with a hand holding a glass of water in the foreground. The background shows a lush green island with a castle and a small town on the shore.

BENEFICIAL WATERS

Our pools and baths are filled with thermo-mineral, mineral, and spring waters, each with its own special active ingredients that contribute to your well-being. You can enjoy a mineral bath, rich in CO₂; the hotel pool, which is filled with refreshing spring thermal water; the unique black thermal mineral water, the warmest in Europe, has numerous beneficial effects and has even been captured in our cosmetic line; or the "young sea", enriched with minerals that have a beneficial effect on your body. And we could go on and on. The wealth of our waters cannot be measured, but it can be shared.

UNFORGETTABLE GREEN VIEWS

Our accommodations are in the best locations, offering views that soothe the soul. You have probably never seen anything more romantic than the autumn mists over Lake Bled. Open the window of a hotel in Portorož and you can almost touch the sea with your hand. The view of the mighty Ptuj Castle will make you feel like a champion. The view of the calm Pannonian plains will guide you towards inner balance. And in order to preserve the beautiful views and unspoilt nature so generous with its gifts in and around our resorts, we follow the principles of green and sustainable operation. Today for tomorrow!

LOCAL TRADITION

Slovenia is bursting with thousands of stories that have been retold by the local population for centuries. And these stories appealed to us so strongly that we simply had to pass them on to our guests. Why did people start gifting each other gingerbread hearts in Bled? What were the witches cooking up in the Radenci area? What dishes are served on New Year's Day in Prekmurje? Which tree is the symbol of Slovenian Istria? Discover a wealth of local stories through the architecture, equipment, and facilities of our resorts!

EXPERIENCE BLED WITH ALL YOUR SENSES:

- ▶ Take a traditional Pletna boat to Bled Island and ring the church's famous wishing bell.
- ▶ While on the terrace of the Cafe Park, treat yourself to the creamiest dessert in the world - the Original Bled Cream Cake.
- ▶ Climb the Ojstrica hill, which offers one of the most beautiful locations for selfies in the whole wide world!
- ▶ Go sledding on Straža hill in whichever season you like - but don't forget to keep your eyes open so you don't miss the view of the fairy-tale lake.
- ▶ Take a picnic basket, rent a boat and have yourself the most romantic date on the lake.
- ▶ Relaxation like you've never experienced before! After swimming in the warm pools, enjoy the dreamy view from the hot sauna.
- ▶ Did you know Bled was also home to the world's best ice cream? In 2017, thanks to our ice cream, Bled won the title of the best ice cream destination in the world!

WHAT A VIEW, WHAT A FEELING!

Many global media outlets describe Bled as an image of paradise. The views of this fairy-tale lake are relaxing and calming all year round. Our accommodation facilities therefore offer the most beautiful views of the lake - either directly from the shore or elevated slightly above it. The combination of the benevolent climate of Bled - a natural health resort since the 19th century - with its clean waters and inspiring views provides invaluable rejuvenating qualities for body and mind. Bled is also a paradise for hikers, cyclists, golfers, yoga lovers and runners. In the warmer months, it is a training centre for rowers from all over the world, and in winter it impresses visitors with its proximity to ski resorts in Slovenia, Austria and Italy, as well as to the world-renowned biathlon centres on the wooded Pokljuka plateau, and to the ski jumping centre in Planica.

THE GLOBAL GUEST APPRECIATES THE LOCAL

We have integrated local assets and local heritage into our accommodation, wellness, and culinary services. A beneficial bioclimate, clean water, wood from the surrounding forests and carvings by local artisans, honey and sweet honey products, Gorenje embroidery. From the interior design and furnishing of our rooms, to the local dishes in our restaurants and local ingredients in our wellness treatments, we will make sure that our guests feel the power of local stories and love them as much as we do!

A GREEN STORY

Experience local stories while leaving no trace in the local environment. This is how Bled has committed itself to sustainability, as evidenced by numerous awards (Slovenia Green, Alpine Pearls, Green Destinations). At Sava Hotels Bled, we are proud of our environmental certificates (Eco Daisy, Green Key, Slovenia Green), we cooperate with local suppliers, we have charging stations for electric cars, and we equip our guests with sustainable knowledge for the future with the Green for Tomorrow initiative.

OF THE WORLD™**

Rikli Balance Hotel★★★★s

- ▶ A hotel where guests feel the benefits of the well-being concept of Swiss healer Arnold Rikli
- ▶ Selected interior furnishing made from local materials
- ▶ Themed rooms in the style of local stories (150)
- ▶ Waterpark with various indoor pools and an

- outdoor pool (6), as well as a water slide
- ▶ The renowned Wellness Živa centre with Rikli and Alpine treatments, massages, and saunas (6)
- ▶ Hotel restaurant with a panoramic view, serving local as well as Rikli's cuisine
- ▶ Excellent gastronomy under the management of a world-renowned master chef

LIVE RIKLI'S WAY

- ▶ Swiss healer Arnold Rikli was the pioneer of wellness treatments in Bled. He believed in the beneficial combination of a mild Alpine climate, plenty of movement in the fresh air, and a light diet.
- ▶ His followers climbed the surrounding hills barefoot before sunrise, swam in the lake, and rested a lot during the day.
- ▶ You will find Rikli's approach, adapted to our times, in the facilities and services of the Rikli Balance Hotel.
- ▶ In the hotel restaurant, you can look for dishes with the "Rikli's Way" label. These are authentic dishes made from local, fresh, healthy ingredients.
- ▶ In the wellness area, treat yourself to an all-day Rikli ritual or an invigorating Rikli bath.
- ▶ In the evening, you will be lulled into a restful sleep by local stories of the Kranj bee, of traditional Gorenje embroidery, of gingerbread hearts, and of the spruces of the surrounding forests, all told by the authentic interior design of the rooms.

- ▶ Aperitiv Bar with its open fireplace
- ▶ Congress facilities with views of the lake (10)
- ▶ Rikli's Park with the barefoot path in front of the hotel

Hotel Park★★★★

- ▶ The inspiration for the hotel's story was Bled's beautiful natural environment
- ▶ Themed rooms with water or forest-style balconies overlooking the lake or park (218)
- ▶ Hotel restaurant with a view, food preparation in front of guests, and a fountain of Slovenian wines
- ▶ Excellent gastronomy under the management of a world-renowned master chef

- ▶ Aperitiv Bar with a lake view
- ▶ Panoramic thermal pool with an outdoor lounging area
- ▶ Spa Park with panoramic saunas (3)
- ▶ Thai Wellness Centre
- ▶ A drinking water spring in the hotel lobby with a free water dispenser

- ▶ Sports facilities and equipment rental
- ▶ Pets welcome
- ▶ Zaki's bonus card with special family offers in Bled and the surrounding area
- ▶ Wi-Fi

Terme 3000 - Moravske Toplice

TOP EXPERIENCES FOR THE WHOLE FAMILY

- The 32 thermal pools and baths in the resort allow you to stroll from one pool to another all day long, and still not getting around to trying them all!
- Among the many different pools, don't miss the baths with black thermo-mineral water. Just a few minutes in the water will have a beneficial effect on your joints, limbs and skin.
- If you visit us in the warmer months, you must also go down at least one of the adrenaline slides. Will you try the free-fall one? Or would you prefer the looping one?
- Treat yourself to a Prekmurje evening and let each family member try at least five Prekmurje dishes. Then have them say the names of the dishes in the local dialect. Who will correctly pronounce "dödöle"?
- Golfers are welcome here all year round, as the mild climate allows you to try the longest hole in Slovenia even in winter.
- You can discover the region around the thermal resorts with the help of virtual reality in the Expano pavilion, experience the eruption of a volcano, or explore four countries by bike along wine roads, nature parks, and energy points.

A BOUNTY OF THE BEST

Terme 3000 - Moravske Toplice is one of Slovenia's largest thermal resorts. In a variety of accommodation facilities ranging from 4 and 5 star hotels, houses, apartments, bungalows, and camping pitches, everyone will find the right fit for themselves. The thermal resort is famous for the warmest thermo-mineral water in Slovenia, which you can also experience in the form of black baths with beneficial effects. You will have a good night's sleep on pillows filled with local grains. The hotel restaurants will beckon you with the aroma of hearty Prekmurje flavours. Our massages are performed using local pumpkin seed oil and herbs from the Pannonian plains. Each of the baths impresses with its special and unique Prekmurje story. And if you decide to combine your thermal holiday with exploration of the surrounding area, we are sure to meet again soon!

THE POWER OF NATURE

The thermo-mineral water at Moravci springs from the black depths beneath the resort, and is considered the warmest thermal spring water in Europe. You can test its beneficial effects in unfiltered black baths and swimming pools of filtered thermal water, and at Hotel Livada Prestige you can even enjoy a black bath in the comfort of your own room! Various black baths and relaxation treatments on 15 million-year-old rocks from Prekmurje are the specialty of the Wellness Thermalium centre. We've also managed to capture the power of our black thermal water in the unique Blackaquatherm cosmetics line.

LOCAL CULINARY HERITAGE

When staying with us, you can embark upon a culinary exploration of Prekmurje without even leaving the hotel. Our chef duo here at Terme 3000 have made it their mission for every guest to taste and fall in love with the culinary tradition of Prekmurje. You can taste Prekmurje in the local ingredients and the typical local dishes. The menus feature more than 40 dishes made from buckwheat, a local grain.

An aerial photograph of Thermal Park Terme 3000. The image shows a large, multi-story building with a glass facade, surrounded by lush green trees and lawns. In the foreground, there are several large, rectangular swimming pools with blue water, some with lane dividers. A prominent yellow waterslide with a 360-degree loop is visible, along with other smaller slides and pools. The overall scene is bright and sunny, with clear blue skies and vibrant green foliage.

Thermal Park Terme 3000

Indoor pools on two floors

The indoor thermal pools are spread over two floors. The lower part is designed for water fun, and is especially popular with children. The upper pools, with their views, are intended for those who appreciate a slightly slower holiday pace. Even in winter, it is possible to swim in the heated outdoor pools. The most appealing among them is a large bath filled with hot black water.

Adrenaline waterslides

Are you ready to experience the rocket start of the world's first waterslide with a 360° loop? With speeds of 80 km/h it is also the fourth fastest waterslide in Europe! The acceleration on the Aqualoop slide is almost twice that of a racing car! Or you can try the Kamikaze slide and drop into the pool from a height of 22 m while barely even touching the waterslide. The feeling of free fall will make you feel as though you're flying!

Something for everyone

Under the mighty linden trees of Prekmurje you will find refuge from the sun in the summer, and a perfect place for recreation in the colder months. When you get tired of jumping into the water from the diving board, you can treat yourself to a relaxing outdoor massage with local ingredients. When you want to relax, treat yourself to a bath in the soft black thermal water. But when you're up for some action, join a water workout session in the recreational pool.

Local, natural, Prekmurje

CULINARY OFFER AT
TERME 3000

Local recipes prepared our way

Throughout the year, our outstanding chefs make delicious creations with a touch of local Prekmurje cuisine. We have dared to take a step away from traditional recipes, preparing certain Prekmurje dishes in our own, more modern way.

Prekmurje breakfasts

They say breakfast is the most important meal of the day. If this is true, our authentic Prekmurje breakfast selection will surely make your days memorable! At Hotel Livada Prestige, we treat our guests to an authentic, hearty Prekmurje breakfast with Prekmurje meats, cow and goat cheeses, minced lard, buckwheat salad, and onion bread.

Prekmurje dinners

At the Prekmurje dinners held every week in our hotel restaurants, we serve delicacies such as gypsy roast and bograč stew, as well as top quality wines. On these occasions, our master cooks look especially handsome, dressed in traditional Prekmurje costume while preparing and serving dishes in kettles and traditional pottery.

A woman is lying on her back on a massage table covered with a light blue cloth, positioned in a field of tall, golden-brown grass. A therapist, a woman with dark hair, is standing and massaging the client's back with both hands. In the background, a church tower with a dark roof is visible through some trees under a soft, hazy sky.

Prekmurje wellness

WELLNESS THERMALIUM

The beneficial power of Prekmurje's nature

At Wellness Thermalium, our wellness experts can help you choose the most suitable programme for you. Using either the most modern therapeutic methods or programmes based on established ancient procedures, you will experience complete comfort and relaxation, enhanced with the benefits of Prekmurje's nature.

Black thermal mineral water

The star attraction among all our treatments is the unfiltered black thermo-mineral water, from which we have created the unique Blackaquatherm cosmetics and care line, suitable for sensitive skin and especially appreciated for relieving problems with dry skin and psoriasis.

Prekmurje herbs and pumpkin seed oil

Only at Wellness Thermalium can you experience these unique baths and massages, enriched with a touch of Prekmurje's meadows and fields. Treat yourself to a massage with flower oil from the Pannonian meadows, or a Livada massage, where our experts will take care of your relaxation using green gold - pumpkin seed oil.

The vital energy of millions of years

In addition to the therapeutic effects of, and relaxation resulting from, our unique treatments you can also treat yourself to a spot of lounging next to a 15-million-year-old mineral - a septarian nodule. Some also call it the Dragon Stone, and believe it radiates a very special energy of vitality.

Health Resort Zdravilišče Radenci

LAND OF A THOUSAND BUBBLES

- ▶ Everyone who visits Health Resort Zdravilišče Radenci should try the tickling bubbles of the CO₂-rich mineral water from the Radenci thermal spring.
- ▶ Continue exploring the bubbles in the mineral bath. You can also treat your hands to a bubbly bath that will make them feel silky soft again.
- ▶ You can also take a swim in the bubbly water of the thermal oasis, or enjoy one of the massage pools.
- ▶ Take a stroll through the health resort park, or along the many springs of thermal and mineral water.
- ▶ Join our guides who will tell you not one but three local legends about the mineral water. You will also find out about the many people throughout history who swore by the famous mineral water from Radenci.
- ▶ Radenci lies in the middle a wine-growing region where they cultivate the grapes for the best Slovenian sparkling wines.
- ▶ There are hiking trails through the vineyards, where you can explore as many as three countries, and cycling or walking along the Mura river helps maintain good physical fitness. As well as enjoying the beautiful Prekmurje landscape, you will also discover many interesting facts and stories about the region.

THE HEART SAYS YES!

Health Resort Zdravilišče Radenci is home to a unique mineral wellness centre, based around its CO₂-rich mineral water. In addition to its mineral water, the spa prides itself on three additional natural healing factors – the thermal water that fills the indoor and outdoor pools of the thermal oasis, the beneficial fango mud used in wellness treatments, and a favourable climate with more than 250 sunny days a year. These four natural healing factors are the recipe for a great health holiday at Health Resort Zdravilišče Radenci. You can boost your well-being with a daily glass of mineral water from the natural spring that awaits you in the heart of our health resort - the Health Lounge. Your heart is calling for a vacation at Health Resort Zdravilišče Radenci!

MINERAL WELLNESS

Health Resort Zdravilišče Radenci is the home of mineral wellness. Whether it's a drinking treatment, inhalations with mineral water rich in CO₂, mineral baths, or sauna sessions with mineral water ice, each of these unique services has its own benefits for your well-being. Along with thermotherapy, Kneipp baths, bathing in thermal pools, and exercising in the fresh air, mineral wellness is part of our holistic approach to well-being.

BATH OF A THOUSAND BUBBLES

A bath in our mineral water, which has some of the world's highest CO₂ content, has a beneficial effect on the heart, the skin, and on your general well-being. The CO₂ bubbles are absorbed into the body, thus improving blood circulation, which contributes to faster detoxification. The bath also contributes to the regulation of blood pressure. We use mineral baths and other mineral wellness services to complement modern medical procedures in our medical centre, which specializes in cardiovascular diseases.

Mineral Wellness

WELLNESS CORRIUM

4 natural healing factors

The wellness centre at Health Resort Zdravilišče Radenci is based on our four natural healing factors, namely 250 sunny days a year, thermal and mineral water rich in CO₂, and the healing Fango mud.

Unique mineral wellness

Whether it's a drinking treatment, inhalations with mineral water rich in CO₂, mineral baths, or sauna sessions with mineral water ice, each unique service has its own benefits for your well-being, and is part of a mineral wellness experience that you can get nowhere else in Slovenia.

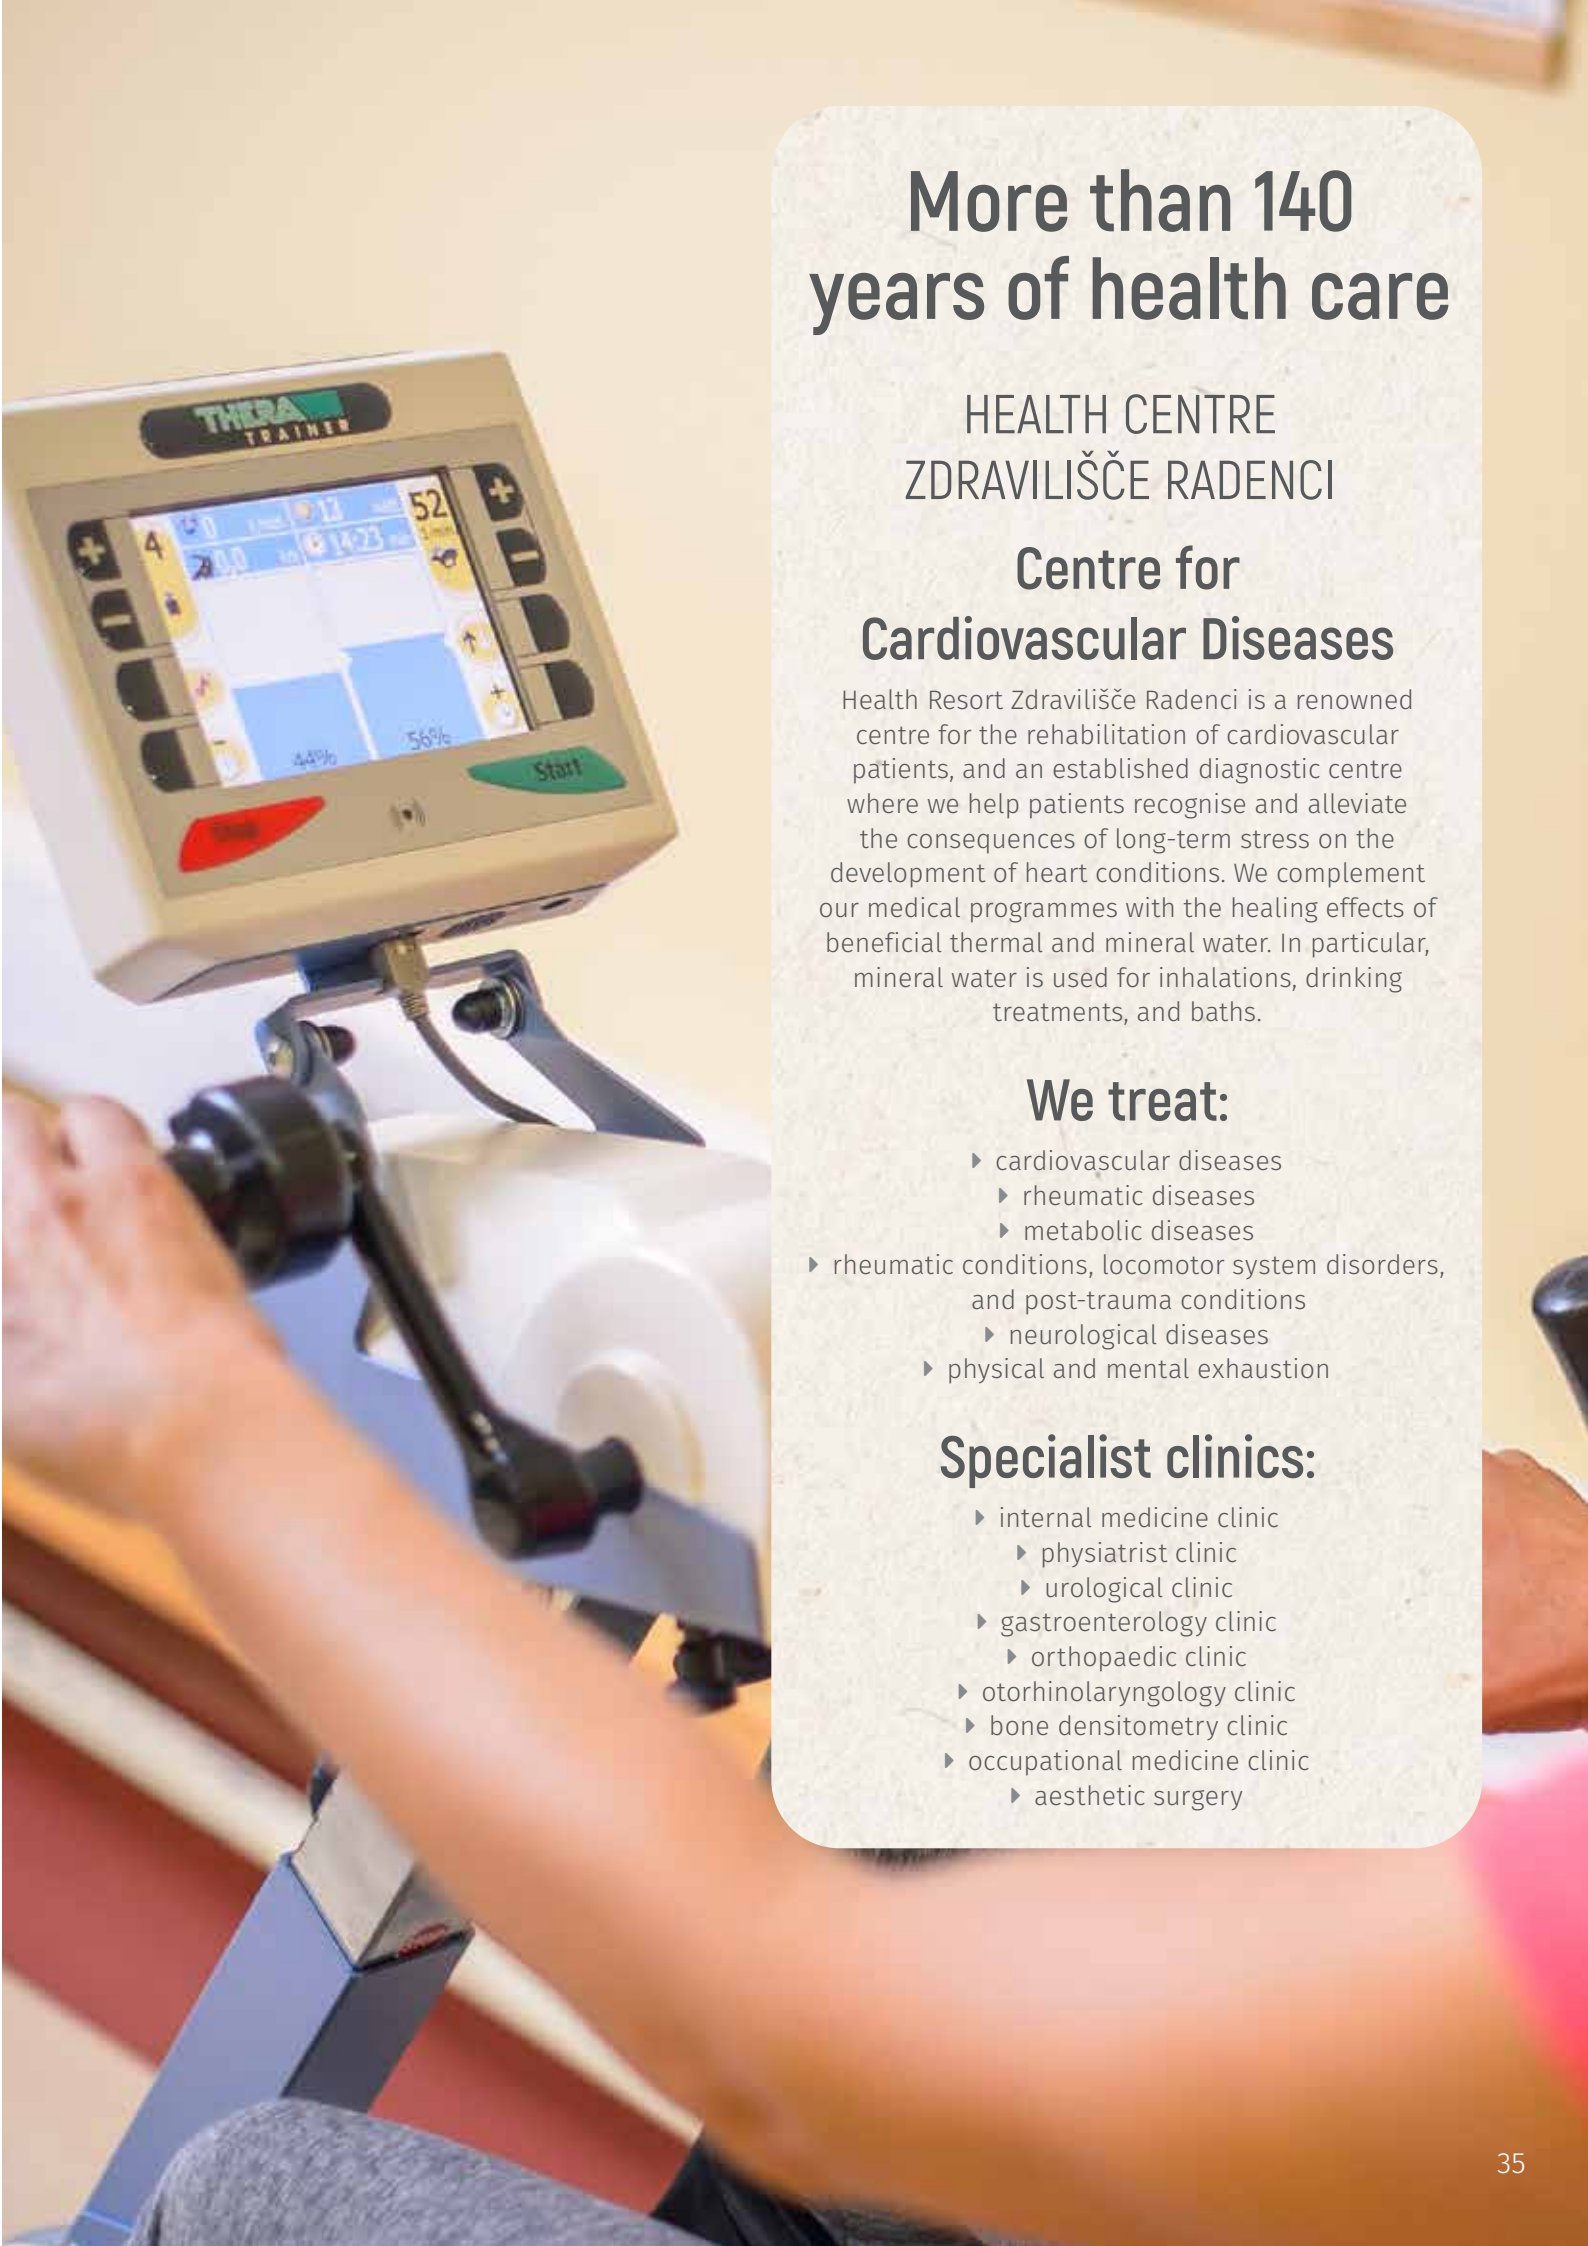

Health lounge

The health lounge is located in the recently renovated drinking lounge, where guests can pour themselves some beneficial CO₂-rich mineral water directly from the spring. The drinking cure is effective in helping with low blood pressure and chronic constipation, while also preventing the formation of kidney stones and osteoporosis. The lounge also offers a mineral hand bath, meditations, and guided group exercises.

Beneficial baths and massages

Our famous mineral baths contribute to the regulation of blood pressure and better blood circulation, and so consequently to faster detoxification of the body. We add herbs, champagne, grape seed oil, and even milk and scented salt to our famous mineral baths. We also offer numerous massage treatments.

More than 140 years of health care

HEALTH CENTRE
ZDRAVILIŠČE RADENCI

Centre for Cardiovascular Diseases

Health Resort Zdravilišče Radenci is a renowned centre for the rehabilitation of cardiovascular patients, and an established diagnostic centre where we help patients recognise and alleviate the consequences of long-term stress on the development of heart conditions. Terme Ptuj

SEIZE THE DAY IN TERME PTUJ

- ▶ Start the day with a run, walk or yoga by the Drava River, which separates the resort from the oldest Slovenian town of Ptuj. You will be filled with energy, while the mysterious power of the river, as our ancient ancestors believed, will carry away negativity and badness.
- ▶ After breakfast, and according to the Be Fit programme compiled by a renowned nutritionist, you can start your morning routine at the pools. Will you choose the exclusive thermal pools in the hotel or the hustle and bustle of the thermal park?
- ▶ Let us warn you that it will take quite some time to try out all the slides in the thermal park. That's why you'll need to have a rest in the lazy river or the wave pool afterwards.
- ▶ There is a wide selection of afternoon activities: you can go for a round of golf with stunning views and water obstacles, go on a bicycle tour through the vineyards, or explore the streets of the oldest town in Slovenia.
- ▶ Or you can always choose some wellness pampering - you are in Roman Ptuj after all!
- ▶ Finally, end the day on the Pinwheel of Health. Slovenia's premier natural spot for preventing burnout syndrome will give you the strength needed for tomorrow.

ACTIVE REGENERATION

Due to the fast pace of modern life, finding balance is becoming a priority. In Terme Ptuj, we will help you get there. Treat yourself to a holiday with us, and regeneration of body and mind is 100% guaranteed! The combination of physical activities, wellness treatments and healthy, delicious food will work wonders. In this quaint, superior hotel with a themed wellness world, we take pleasure and relaxation seriously. Everything is designed to provide you with total relaxation. Next to the majestic river in the green park across from the hotel lies one of the largest water parks in Slovenia. Behind the hotel is a golf course with an inspiring view of Ptuj Castle. The combination is definitely a winning one - just like our coffee, which has won a total of seven gold medals!

THE IMPERIUM OF WELL-BEING

In Terme Ptuj, we will gently remove all trace of stressful everyday life from your body, and prepare you to meet new challenges. Let the expert staff of Wellness Valens Augusta centre treat you in rooms themed according to ancient Rome, the Orient, Japan, Egypt, and Thailand. And enjoy a world of herbs and grapevines, as well as the Flavia world of saunas, which includes an ice cave as well as a hot and cold Kneipp bath. Modern beauty procedures for natural rejuvenation and body shaping will ensure that you shine in the most beautiful light.

SLOVENIA'S OLDEST TOWN

The oldest town in Slovenia was founded by the Romans two thousand years ago. It impresses visitors with its fully preserved medieval town centre and the mighty castle above. One of the largest wine cellars in Slovenia is located beneath the city streets. Among other festivals, Ptuj is home to the largest Slovenian carnival - Kurentovanje. And the wine-growing area around Ptuj will impress even the most discerning of wine lovers.

Thermal Park Terme Ptuj

WATER FUN

Huge waterslide complex

The colourful water slide system is a feast for the eyes, and a test of your courage. First, warm up on the shorter slides, then go for a longer ride with countless twists and turns. Water slides are a real adrenaline experience! Enjoy the various jumps carefree, as the water slide will bring you safely to the plunge pool. Now all you have to do is climb back on top of the slide tower and start the sliding fun all over again!

Pools of all shapes and sizes

Water slides are far from the only water attraction you'll find here. Although we are not at sea, the turbulent pool will conjure up mighty waves for you to conquer. Too much spray? Then take an inflatable tube and meander down the lazy river, or dive into the relaxation pool. The youngest among us will enjoy the children's pool with its fun and games, while older children will practice jumping from the diving board. Those who want to accumulate some swimming kilometres during their vacation can do so in the Olympic-size pool.

Sports park

The water park is located in a green area next to the mighty Drava River. The many trees here offer natural shelter from the summer sun, with the canopies also shielding an outdoor fitness centre, volleyball court, and mini golf course. The water park is also next to tennis courts, as well next to an 18-hole golf course with water hazards. You can also take your bicycle to the so-called "Ptuj Sea" nearby, where you can sail or ride canoes, kayaks, and pedalos.

The Imperium of well-being

WELLNESS VALENS AUGUSTA

Roman themed treatments

The intertwining of our wellness services with elaborate interior design conjures up the spirit of ancient Rome.

Indulgent treatments are available for both men and women, with couples being able to choose from a variety of Roman themed thermal baths, such as the romantic Amor Bath. A Roman back massage with wine oil or a wine bath both provide quick and effective relaxation.

The tradition of Roman baths in a world of saunas

In the hotel's Flavia world of saunas, we are reviving the relaxation tradition of Roman baths on a 400 m² facility. The world of saunas features a chromotherapy sauna, an extreme Finnish sauna, an aromatherapy sauna, a mud sauna, a steam sauna, and a salt sauna. The power of the saunas is enhanced by warm thermal or cold Kneipp baths, whereas for a more intimate experience we recommend renting the Roman VIP sauna.

Pampering for couples

Would you like to indulge in relaxed moments for two, without crowds and in complete intimacy? You can choose between the Japanese and Oriental wellness suites, each of which offers a massage pool, as well as its own Finnish and Turkish saunas. In addition to the wonderful ambience and complete privacy, we stock the suite with everything needed for a romantic couple's relaxation.

St. Bernardin Resort Portorož

JUST A STEP AWAY FROM THE SEA

St. Bernardin Resort is located right by the sea, on a popular seaside promenade. It is the perfect starting point for exploring old Piran on one side, and Portorož's world of entertainment on the other. Its three hotels are located near the old Benedictine chapel by the sea, and are surrounded by oleander trees, palm trees, and rosemary bushes. There are seaside lidos all around, and the hotels offer both indoor and outdoor pools filled with sea water, as well as wellness centres. The heart of the resort is the marina, in which you can find traditional restaurants serving typical Istrian dishes. From the cliff above the resort, a five-star hotel with the largest congress centre in Slovenia watches over everything. This is St. Bernardin Resort - something for everyone, all this just a step away from the sea!

SUNNY ALMOST 365 DAYS A YEAR:

- ▶ With its Mediterranean climate, Portorož is one of the warmest parts of Slovenia.
- ▶ The many sunny days even in the colder months attract sun seekers from far and wide. In Slovenia, when we say, "Let's go to Portorož for coffee!", we're really talking about a weekend trip to the sea.
- ▶ Portorož is known for never sleeping. The bars and restaurant on the seafront promenade offer something for everyone all year round.
- ▶ "Something for everyone" also applies to Portorož's beaches, its numerous piers, its well-maintained promenade, its water sports centre, and its children's playground. The beaches at St. Bernardin Resort can even boast of a Blue Flag award!
- ▶ In Portorož, you can take a swim all year round! And not only in the sea, as in the traditional ritual of jumping into the sea on New Year's Day. Our hotels offer many indoor swimming pools with sea water and views of the sea.
- ▶ The St. Bernardin Resort also offers heated sea water pools at Sea Waterpark Termariš, the largest water park on the coast.

ISTRIAN GASTRONOMY

Istrian cuisine is among the healthiest in the region. In our restaurants, you can try typical Istrian dishes, such as “bobiči” stew, “pedoči na buzara” clams, frittata with wild asparagus and prosciutto, and delicious “kroštula” and “fritola” fried pastries. While in good company, enjoy a glass of local wine, such as Malvasia or Refosco, or a refreshing “bevanda”, which is wine mixed with water, and your day on the coast will be even better!

A VIEW OF THE SEA

If the people of Primorje were to write a recipe for enjoyment, they would take good food and drink in good company, and add a view of the sea. It soothes and inspires us. That's why we opened up the sea view to our rooms, swimming pools, and wellness centres. In our wellness centres, we have spiced up the recipe for enjoyment some more by adding traditional local ingredients, such as sea salt, salt mud, olive oil, and lavender. At the Sea Waterpark Termaris, you can also indulge in the power of the “young sea” with a view of real sea waves, and your relaxation in Istria will be complete!

Grand Hotel Bernardin★★★★★

MORE THAN 350 EVENTS EVERY YEAR

- ▶ The largest hotel conference center on the Slovenian coast.
- ▶ Multifunctional design enables the organisation of a wide range of business meetings and events.
- ▶ 17 congress halls with the possibility of partitioning into 2-4 sections, with daylight and views of the sea.
- ▶ The halls are located on three floors, which enables excellent logistics and circulation of participants.
- ▶ The largest gatherings allow the participation of up to 1,300 guests, with the possibility of hosting a dinner for up to 930 guests on the beach.
- ▶ Spacious lobbies and social areas enable the free flow of knowledge and information.
- ▶ Business guests will conclude their day with a view of the sea from their hotel room, which gives them the feeling that they are actually on vacation.
- ▶ At motivational meetings, we offer a package for discovering Slovenian Istria by exploring olive groves, hunting for truffles, and visiting a fish farm.

- ▶ The hotel is located right by the sea, on the popular promenade between Portorož and Piran
- ▶ Elegantly furnished rooms, apartments, and suites with balconies (241)
- ▶ The view from the rooms gives the feeling of floating above the sea

- ▶ Panoramic indoor pool with heated sea water
- ▶ Wellness Paradise Spa for heavenly pampering with saunas and a pool overlooking the sea (5)
- ▶ A culinary fusion of local Istrian tradition and the lightness of seaside cuisine, which you can try in your hotel room and in the restaurants outside of the hotel (3)

- ▶ Right in front of the hotel is a beach with an exclusive Marine Summer Club area
- ▶ Entry to the Sea Waterpark Termaris (at Hotel Histria inside the St. Bernardin resort)
- ▶ Congressional facilities (17)
- ▶ Café and Cocktail Lounge with piano

- ▶ Covered outdoor Grand Garden terrace overlooking the bay
- ▶ Tropic Bar by the promenade and hotel beach
- ▶ Superior hotel standard (24/7 room service, Wi-Fi, parking, hotel spa robe and slippers, charging stations for electric cars)

Hotel Histrio★★★★

- ▶ Furnished in Istrian style with three types of themed rooms
- ▶ Rooms and suites with balconies and sea or harbour views (276)
- ▶ Sea Waterpark Termaris at the hotel overlooking the sea
- ▶ Outdoor terrace with loungers and beach umbrellas

- ▶ A well-kept beach with an outdoor swimming pool next to the neighbouring Hotel Vile Park
- ▶ Wellness Benedicta centre with treatments enriched with local ingredients
- ▶ Panoramic sauna with a view of sea, as well as other saunas (5)
- ▶ Hammam and salt room

SEA WATERPARK TERMARIS

- ▶ A popular, 2,400m² beach available year round.
- ▶ The water park's special feature is the open sea view, which makes you feel like you are actually swimming in the sea.
- ▶ The swimming pools are filled with what is known as "young sea", which is seawater enriched with beneficial minerals from the many tributaries that flow into it. This makes swimming in our pools the closest thing to swimming in the sea.
- ▶ The relaxation area of the water park features a swimming pool with a relaxing waterfall, which can deliver an excellent massage, as well as a pleasantly warm massage pool.
- ▶ If you want to have some water fun you can head to the swimming pool surrounded by children's pools with fun play equipment, or the playful pool with its rushing river and whirlpools.
- ▶ The marine water park is connected to the Wellness Benedicta centre with a panoramic sauna, hammam, and salt room.

- ▶ Hotel restaurant offering local Istrian and Mediterranean dishes
- ▶ Restaurant in the marina next to the hotel
- ▶ Café and bars (6)
- ▶ Free parking for guests
- ▶ Car wash and electric automobile charging stations
- ▶ Cyclist-friendly hotel with access to

- ▶ organized cycling trails
- ▶ On the walking route between lively Portorož and classical Piran
- ▶ Conference facilities (2)

Hotel Vile Park★ ★ ★

- ▶ Five villas with 244 comfortably furnished rooms
- ▶ Villa Galeja (66 rooms), Villa Nimfa (49 rooms), and Villa Orada (75 rooms) – a total of 190 Premium rooms
- ▶ Villa Barka offers recently refreshed apartments with sea views, kitchens, living rooms, and bedrooms (25 rooms)
- ▶ And in Villa Galeb (29 rooms), you can stay in pet-friendly rooms with either a sea or park view
- ▶ The villas share a common reception
- ▶ Well-maintained hotel beach with outdoor pool

- ▶ Admission to the Sea Waterpark Termaris (Hotel Histron)

- ▶ Pets welcome (including an outdoor shower for washing pets)
- ▶ Wi-Fi

An aerial photograph of the Salinera Resort in Strunjan, Slovenia. The resort features a large, multi-story building with a red-tiled roof, surrounded by lush greenery and a swimming pool. The resort is situated next to a beautiful bay with turquoise water, where several sailboats are anchored. The surrounding area is densely forested, and the bay is bordered by a rocky coastline.

Salinera Resort Strunjan

THE BENEFICIAL POWER OF THE GREEN BAY:

- ▶ The many sunny days and mild winters here allow for vacations by the sea year-round, with the fresh sea air contributing to your well-being.
- ▶ In the resort, a bioenergy park with 12 energy points will also help you on your path to well-being.
- ▶ The colours of the lush Mediterranean greenery of Hotel Salinera's surroundings are also soothing and relaxing.
- ▶ The Wellness Syra, a centre of health, relaxation and vitality, stands on the site of a former Benedictine monastery dedicated to healing.
- ▶ In the sauna centre you can treat yourself to a detoxification of the body with a combination of wet and dry saunas, which will help your immune system.
- ▶ In front of the hotel, you can enjoy the grassy Salinera beach with plenty of pine shade.
- ▶ From the resort, you can walk to the beautiful secret beach at the foot of a cliff in Mesečev zaliv ('Moon Bay').

BIOENERGETIC RESORT

Salinera Resort Strunjan is located in the heart of a green, natural environment, blessed with a mild Mediterranean climate. The resort is located next to Nature Park Strunjan, a natural reserve and home to many plant and animal species. It is also part of the unique natural and cultural heritage of Slovenian Istria. Guests can explore the regional park on foot. The connection of the resort with its natural environment is also reflected in the bioenergetic park inside the resort. Our guests love to return to this peaceful green bay to recharge their batteries, living in harmony with nature and doing numerous activities in the fresh sea air.

STRUNJAN NATURE PARK

Part of Strunjan Bay is protected as a nature park, and represents the longest continuous stretch of natural coastline in the Trieste Bay area. The most characteristic part of the park is the 80m-high Strunjan cliff, with a walking path leading along the slopes. On the edge of the cliff, a large cross rises above the sea, testifying to the legend that St. Mary once saved the lives of sailors in a storm. From the location of the cross, there is a wonderful view of the coast beneath the cliff, and of the Bay of Trieste. In clear weather you can even see the highest Slovenian mountain, Triglav.

COASTAL FLORA AND FAUNA

The mild climate allows year-round activities in the fresh air, while also offering shelter to many types of plants and animals. In the warmer months, take a walk along Stjuža, the only Slovenian lagoon with an underwater meadow, rich in crustaceans, molluscs and fish. In the Strunjan salt pans you can learn everything about salt production. In the nearby semi-saline marsh Škocjanski zatok, you can admire more than 200 species of birds.

San Simon Resort Izola

LIVELY MEDITERRANEAN

San Simon Resort in Simon bay is surrounded by lush Mediterranean greenery, and is where the remains of the ancient Roman port of Haliaetum can still be seen today. The resort takes its character from the seaside town of Izola - always lively, happy and in motion! Its seaside location, pebble beach with waterslide, professional children's entertainers, mini club, and lively fun all year round bring guests of all generations to the resort. The Roman tradition of joy and celebration is also kept alive all year long. The bustling culinary celebrations and festivals will ensure your taste buds thoroughly enjoy your seaside holidays!

SURRENDER TO THE HEARTBEAT OF PICTURESQUE IZOLA!

- ▶ San Simon Resort can be found at Simon bay in Izola, which is fuelled by the heartbeat of cultural and culinary events, and by the charm of the fishing tradition throughout the year.
- ▶ Izola owes its name to the fact that it was once an island ('isola', meaning 'island'). The Romans built the first settlement on this island a millennium and a half ago.
- ▶ In Izola you can see the old bourgeois palaces, and learn about the work of artists, and their techniques for crafting traditional works of art from clay, ceramics, or Murano glass.
- ▶ For a real dose of history, explore the archaeological park and its remains of a Roman seaside villa and port, or feel the turbulent history in the mysterious old town alleys.
- ▶ Izola is a town all about fishing. In Izolana - House of the Sea - you too can try your hand at being a fisherman, navigating the sea in a real fishing cabin, and catching a "sardine" or two in an interactive game!
- ▶ Izola is famous for its olive trees and vineyards, and along with its hinterland, it offers an excellent combination of Istrian and seaside cuisine. Local gastronomy providers are part of the Kilometre Zero initiative - providing authentic dishes from local, fresh, healthy ingredients, prepared according to traditional recipes.

FAMILY-FRIENDLY

San Simon Resort is an excellent choice for a family vacation. In addition to Hotel Haliaetum's family rooms, children visiting the resort will be delighted by the outdoor playground, the children's corner, the children's menus in the restaurant and, upon request, basic childcare necessities in your room. At the mini club, professional activity leaders will conjure up a child's dream vacation by the sea. An additional incentive to choose San Simon Resort for a family vacation is the various family benefits.

BEACHES AND THE ADRENALINE SLIDE

Various beaches await you in and around the resort. The trademark of the San Simon Resort is a pebble beach with a low approach to the sea, which is a bearer of the Blue Flag beach quality award. There is a large outdoor water slide on the beach, with access to the water from the pier. A large part of the beach bathing area is overgrown with pines and acacias, which provide pleasant shade. Just a short walk in the direction of Strunjan, you will find the beach under the Belvedere. In the direction of Izola, you can also bathe at Delfin Beach, and when you get to Izola you can jump into the water at the city beach, which has a real lighthouse!
